

Nature at its Best in the USA.

Pride and Workmanship.

American **Pride and Workmanship** This company was founded by two outdoor enthusiasts who were raised in the shadow of the Grand Teton Mountains, located in Idaho and Wyoming. In this era of new foreign trade agreements and the resulting **Mass Exodus of American Textile Companies** to foreign lands, we at Teton Outfitters decided that outdoor extremists are being misled by paying top dollar for outdoor gear that use to be made in the United States. Teton Outfitters is dedicated to produce superior products with the edge of being made with **American**

Tomahawk

Tomahawk Parka

This impenetrable mountaineering parka is designed to provide optimum protection & function. It's protection comes via a 2 ply Taslon Sympatex membrane laminate shell that is thoroughly seam sealed. An anatomical multi directional pivoting hood, double rain guttered storm flaps, wide adjustable cuffs, both with velcro closures, and single hand adjustable draw cords make the Tomahawk Parka impervious to even the most wind driven elements. Its superior function is derived from 3 piece anatomical sleeves, and athletic cut for a full range of motion. With its ski patroller requested spacious pocket you can forget your fanny pack too.

FABRICS

COLORS and SIZES

Shell: Sympatex 2-ply with 120 Denier Supplex
Lining: Transpor brushed mesh, 70 Denier Taffeta, and Polartec 100.

Colors: Red, Royal, Forest, Yellow
Sizes: XS, S, M, L, XL, 2XL

Parka

Tomahawk Bib

This technical bib is designed to withstand the harshest conditions & abuse of mountaineering, including the unexpected. To make our Tomahawk Bib as light, strong and abrasion resistant as possible we've used 3 ply laminate Sympatex Fabric that incorporates a Micro Polyester ripstop, (that has smaller grids, and higher tensile strength than nylon ripstop) as its surface fabric. This 3 ply construction not only strengthens the micro Polyester ripstop, but increases vapor transport efficiency, and removes the need & weight of a lining. To ensure this lightweight bib will survive years of use we have overlaid the Sympatex in the seat, knees, and cuffs, with cordura. To resist a stray ski, crampon, or bush we have added a special Kevlar Stainless Steel Polyester weave to the inner cuff. The Tomahawk Bib is also equipped with double storm flapped side zips with an open seat for ventilation & convenience.

FABRICS

COLORS and SIZES

Shell: Polyester Micro-Ripstop with Sympatex 3-ply
Lining: Laminated Tricot

Colors: Red, Royal, Forest, Yellow
Sizes: XS, S, M, L, XL, 2XL

Pants

Tomahawk

Tomahawk

This Jacket is similar to the Tomahawk Parka, it also has a 2 ply Taslon laminated to a Supplex membrane with 4 ply Taslon surface fabric on the shoulders and 3 piece anatomical sleeves for abrasion resistance. What makes our Tomahawk Jacket and Parka unique? The superior breathability of Sympatex combined with the vapor transporting (not the wicking of already condensed water vapor) unique to our Transpor lining. This revolutionary fabric is 13 times more efficient than polyester liners. These properties are not sprayed on, and won't wash or wear out, they will keep you dry for the life of the fabric. Both have 4 spacious chest pockets, 2 inside, 2 outside, and a zippered entry in the storm flap so you can get at the warm things you need with minimal exposure. The jacket differs in its classical waist to cut, and 2 fewer pockets to satisfy those pack weighing minimalists.

FABRICS

COLORS and SIZES

Shell: Sympatex 2-ply with 120 Denier Supplex
Lining: Transpor brushed mesh, 70 Denier Taffeta, and Polartec 100.

Colors: Red, Royal, Forest, Yellow
Sizes: XS, S, M, L, XL, 2XL

Jacket

Tomahawk Pant

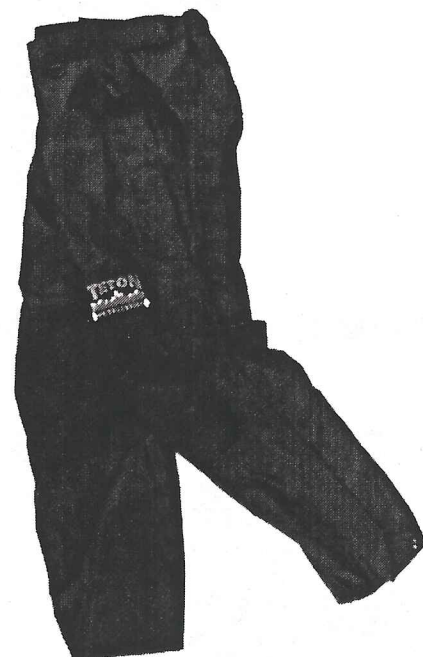

This 3 ply Sympatex laminate with nylon ripstop pant is designed to be just as windproof, waterproof, and durable as our Tomahawk Bib. Its seam sealed construction and Cordura anti abrasion over layer on the seat, cuffs, and anatomically cut knees make it a worthy cold fighting comrade. The Tomahawk Pant, like the Jacket, emphasizes light weight. We removed the suspenders, chest pocket, and as some would say "overkill" Kevlar stainless steel patches on the cuffs to make this pant too light for anyone to leave behind.

FABRICS

COLORS and SIZES

Shell: Sympatex 3-ply with Nylon-Ripstop
Lining: Tricot Laminate, and Nylon Taffeta

Colors: Black
Sizes: XS, S, M, L, XL, 2XL

Tantalus

Tantalus Parka

This parka is made of durable, and fully taped Ultrex to keep you warm, and dry. The parka has an inside pocket that will carry a one liter bottle, as well as 2 spacious "backpack friendly" chest pockets, and storm flaps over arm vent zips, for convenience, and performance.

FABRICS

COLORS and SIZES

Shell: Sympatex 2-ply with 120 Denier Supplex
Lining: Transpor brushed mesh, 70 Denier Taffeta, and Polartec 100.

Colors: Red, Royal, Forest, Yellow
Sizes: XS, S, M, L, XL, 2XL

Parka

Tantalus Pant

This 3 ply Supplex Pant works for you in providing superior breathability, combined with the durability of a Nylon ripstop. It features double storm flaps, a full length zippers for ventilation and convenience. All abuse areas are covered with Cordura to insure a long life. Designed to provide a long lasting life for a price that won't take your whole paycheck.

FABRICS

COLORS and SIZES

Shell: Sympatex 3-ply with Nylon-Ripstop
Lining: Tricot Laminate, and Nylon Taffeta

Colors: Black

Tantalus

Tantalus Jacket

This jacket is made of durable and fully taped nylon ripstop Ultrex to keep you warm and dry. Its equipped with one internal mesh pocket that is great for holding at least one liter of water, and two spacious backpack friendly chest pockets, and storm flaps over arm vent zips, for convenience and performance.

FABRICS

COLORS and SIZES

Shell: Ultrex 2-ply with 120 Denier Supplex
Lining: Transpor brushed mesh, 70 Denier Taffeta, and Polartec 100.

Colors: Red, Royal, Forest, Yellow
Sizes: XS, S, M, L, XL, 2XL

Jacket

TableRock Pant

TableRock Pant

The Table Rock Pant is an all season pant created out of a two layer sympatex; which is a water proof breathable fabric that controls the elements. At stress points, (seat panel, knees, and cuff guards) look for durable 500 denier Cordura reinforcement. The Table Rock is outfitted with full side zips and storm flaps to stop the storm, and take you up to the table rock in comfort.

FABRICS

COLORS and SIZES

Shell: 2 ply Sympatex 500 Cordura
Lining: Polyester Mesh

Colors: White
Sizes: XS, S, M, L, XL, 2XL

Backside Parka

Backside Parka

If you've ever skied the Backside you will appreciate USA'S most tecky parka. Its been described as the stump thumper by those that have experienced the true meaning of the Backside. This is a sample of the short list of functions that this parka is known for. Fully adjustable, lined storm hood, reinforced shoulders, forearms, and seat with 500 & 1000 Denier Cordura, two concealed shed pockets with storm flaps, expandable pocket with treated chamois, lower hand warmer pockets designed with a key retention system, bottom center pocket with 3 internal pockets for lip balm, film, tools, etc. This parka also features an under arm ventilation system, anatomically contoured sleeve design, fully adjustable wide mouth pleated cuffs with Velcro closures. It also features double elastic draw cords with interior cordlocks for waist adjustment, elastic draw cord with cordlock, elasticized powder belt with Velcro and snaplock closures, outer tri ring for tickets and glove attachment, front and back inside walkman pocket, and waterproof breathable viking Ultrtex.

FABRICS

COLORS and SIZES

Lining: Coolmax Vapor, Polywick Brushed Mesh, 310 T Nylon Taffeta

Colors: Forest, Yellow, Burgundy, Royal
Sizes: XS, S, M, L, XL, 2XL

Parka

Mammoth

Mammoth Jacket/Vest

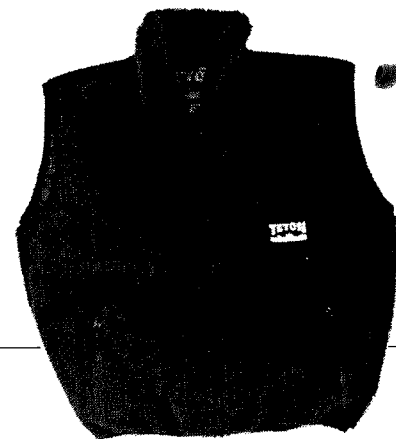

Mammoth Series- Our warmest luxuriously deep pile with its integrated three layer laminate windproof construction by "Draper Knitting" is engineered to dramatically increase the thermal properties of the pile. Added Suplex Taslon to shoulders, collar, & elbows helps it shed H2O and shrug off abrasion from packs, and expected abuse, making our Mammoth Jacket & Vest the most versatile 3+ season outer wear, and expedition layering piece in anyone's cold weather arsenal. We lined the entire zipper storm flap with micro-fleece for comfort, put arm vent zips to expand the comfort range of the jacket, and implemented four spacious anatomic pockets to store even the biggest "Gear Hound's" goodies.

FABRICS

COLORS and SIZES

Shell: Suplex Taslon, Draper Knitting three-ply laminate windbreak fleece
Lining: Mesh Tricot Laminate, and Polartec 100

Colors: Grey, Teal, Burgundy, Navy
Sizes: XS, S, M, L, XL, 2XL

Jacket/Vest

Rubicon

Rubicon Jacket/Vest

Rubicon Series most durable, thickest fleece. We chose 300 Wt. Polartec Fleece because of its optimal balance of warmth, breathability, & comfort. To increase durability we covered the shoulders, collar, and elbows with Supplex Taslon that is windproof & highly water resistant, for those of us who love speed, but don't want to break out a windproof shell every time we point our skis, bike, or running shoes downhill. We extended the Supplex Taslon from the shoulders down to the waist, as well as under the hand warmer pockets, making the front of the torso totally windproof, to take the chill off those rapid descents. By not lining the back it compliments your backpacks vapor transport. No more peeling off a drenched shell under your pack! It also features arm vent zips to maximize ventilation. With the Rubicon Vests & Jackets four oversized pockets you will never leave it, or other essentials behind.

FABRICS

COLORS and SIZES

Shell: Supplex Taslon, Polartec series 300 Weight fleece

Colors: Red, Royal, Grey, Black
Sizes: XS, S, M, L, XL, 2XL

Jacket/Vest

Rubicon Pant

Like our Jacket & Vest we use 300 wt Polartec Fleece to construct the Rubicon Pant, which is designed to be worn, and function with the Tomahawk Bib. This pant works great for your coldest outings, but is warm, versatile, and stylish enough to be the first thing you reach for at camp. This pant owes its durability to 330 denier Supplex overlaid on the seat, cuffs, crampon areas, and the 3 piece anatomical knees. It also offers the convenience of full side zips and open seat with Supplex draft flaps on the zippers.

FABRICS

COLORS and SIZES

Shell: Supplex Taslon, Polartec series 300 Weight fleece

Colors: Red, Royal, Grey, Black
Sizes: XS, S, M, L, XL, 2XL

Pants

Tower

Tower Jacket/Vest

The Tower Jacket and Vest are both constructed from a durable Polartec 200 series fleece. The jacket features under arm zips for ventilation. The Tower was designed to be worn next to the skin, or as a base layer, or under one of our weatherproof shields. The Nylon and Lycra binding at the arm holes, and waist provide a close, comfortable fit.

FABRICS

Shell: Polartec 200 by Maldin Mills

COLORS and SIZES

Colors: Wine, Navy, Teal, Black, Grey
Sizes: XS, S, M, L, XL, 2XL

Jacket/Vest

Tower Pant

The Tower Pant is an excellent choice for a Naturalist that has to be one step ahead of the weather. With the Towers full side zip for easy on and easy off you can get in and out of them without taking off your skis, snowshoes, crampons, or boots. The Supplex Taslon fabric added to the seat, knees, and crampon areas makes a durable, lasting comfort zone.

FABRICS

Shell: Polartec series 200 Fleece

COLORS and SIZES

Colors: Wine, Navy, Teal, Black, Grey
Sizes: XS, S, M, L, XL, 2XL

7 Pants

Thermopolis

Thermopolis Shirt/Vest

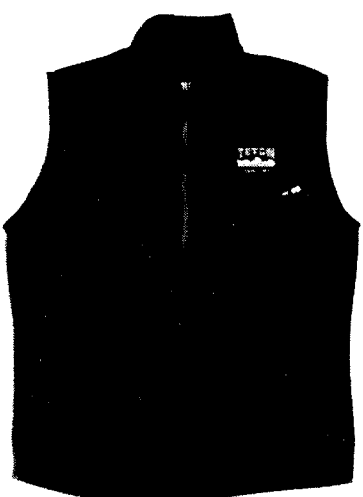

We take full advantage of Malden's Polartec Bipolar series 100 jersey in our Thermopolis zip turtleneck shirt. It's great for layering, or as a solo piece for cold weather sports. Moisture is transported away from your body with greater efficiency than is possible with cotton fabrics. The Thermopolis shirt is an important piece of mid-weight layering.

FABRICS

Fabrics: Malden Polartec Bipolar Micro 100 series

COLORS and SIZES

Colors: Black, Red, Grey, Royal
Sizes: XS, S, M, L, XL, 2XL

Shirt/Vest

Thermopolis Pant

Once again we take full advantage of the efficient Malden Polartec BiPolar Mirco 100 Series. This fabric allows the Thermopolis pant to provide warmth, transport perspiration, and dry quickly. A Nylon/Lycra binding at the ankle cuffs give them a sleek, close fit, and the two handy on-seem pockets are a part of what makes this underlayer more of a pant than an underlayer.

FABRICS

Shell: Malden Polartec Bipolar Micro 100 series

COLORS and SIZES

Colors: Black, Red, Grey, Royal
Sizes: XS, S, M, L, XL, 2XL

8 Pants

WindRiver

WindRiver Shirt/Tight

The Wind River under-layer system offers you "state of the art" technology and comfort. The mock turtleneck shirt and tights feature Transpor- an incredible fabric, when it comes into contact with liquid, quickly moves the perspiration away from the skin through the open spaces in the fabric rather than soaking in. Transpor not only diffuses water away from the skin, but gives you adequate insulation in cold conditions. The shirt has a 1/2 zipper down the front for ventilation, and the tights provide a great underlayer for any of our Tetons waterproof pants.

FABRICS

Fabric: Transpor

COLORS and SIZES

Colors: White
Sizes: XS, S, M, L, XL, 2XL

Shirt/Tight

Wall Street

Wall Street Shirt/Tight

Our Wall Street Polartec underwear line is the same style as our Wind River underwear, but feature Polartec fabric made by Malden Mills. Its is a two-ply laminate that offers great breathability, and vapor transport. It also features good stretchability, and is Malden's best fabric for Next-to-skin moisture management.

FABRICS

Fabric: Polartec 100 Jersey Midlayer

COLORS and SIZES

Colors: Royal
Sizes: XS, S, M, L, XL, 2XL

Shirt/Tight

The Grand

The Grand Hat

Mountianears, we have the hat to protect your ears. The Grand is made from the smaller pieces of fabric left over from production, keeping the waste out of the landfills. These otherwise useless pieces help make a very high performance hat. The combination of its waterproof shell and fleece lining make this hat a must.

FABRICS

Shell: 2-ply Sympatex
Lining: Malden Polartec 200 series

COLORS and SIZES

Colors: Black, Royal, Red, Yellow
Sizes: S, M, L
