

WINTER 2013-2014

**Klim**

# EXCEEDING EXPECTATIONS

A LETTER FROM JUSTIN SUMMERS

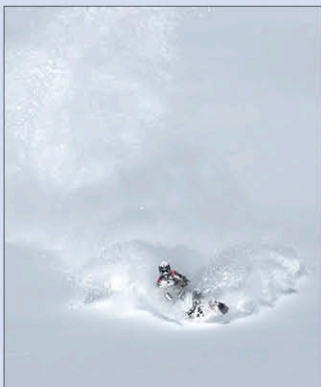

Snowmobiling demands more. Compared to other activities the KLIM® crew participates in (and there are a lot!) snowmobiling, above all else, demands that everything be at the top of its game for maximum performance. It's the challenge an unpredictable surface across wide-open terrain in the most-demanding conditions throws at you. Maybe that's why snowmobilers are known as a different breed.

Snowmobiling also gives more. Nothing can match the unique and exhilarating experience. Nothing can match the freedom. There's something simply great about testing that perfectly tuned sled, your skill and your nerve in terrain only accessible by people like you or those riding in a helicopter. Snowmobiling gives you a glimpse into a world others may never see. It's Mother Nature at her best, and at her worst.

At KLIM, we've been living with this challenge and reward cycle from the beginning of our company. Knowing that those perfect days are on repeat is what keeps us going out there. It keeps us pushing for new products to make the next perfect day even better. Always wanting another level of performance is entrenched in our KLIM DNA.

On our way to today we've seen the advancement of machine technology outpace the knowledge or social focus of safety. And, happily, we've seen intelligent advancements in survival know-how and equipment catch up—to a point. We've ridden through inferior equipment, simply bad ideas and technology that doesn't work or hold-up to its promises on our bodies and our machines. And we've learned a valuable lesson or two about exceeding expectations.

At KLIM, we aim to do one thing above all else—produce gear that enhances your riding experience and blows your expectations out of the water. That's our most valuable performance indicator. It is what has set us apart from day one and it is what continues to improve our expanding product line.

If you look at this year's catalog, you'll notice the first use of GORE-TEX® Stretch material in a snowmobiling garment. The Stealth Jacket and Bib offers the rider unprecedented fit and ultimate mobility. The Stealth series delivers a restriction-free riding experience that redefines active performance. During testing, our most skilled development riders described riding in the Stealth as like wearing a typically bulletproof KLIM setup but with ZERO restriction of movement. That is what we call Performance Defined.

The Stealth series is an example of how we approach every piece of gear we develop. We set a definition for its performance; source the latest materials, processes and technologies to deliver on that definition and test it until its proven superior. Then we look head again.

Each step of our progression takes us to a new set of performance goals and a new set of challenges to overcome. Nothing demands more from us and nothing gives us more in return.

Like snowmobiling itself, KLIM apparel demands more performance and gives more enjoyment in return. Exceeding your expectations is the most challenging and rewarding thing in the world to us. On behalf of the entire KLIM family, I thank you for taking us along for the ride.

# PERFORMANCE DEFINED

Sometimes it's hard to see it.

You have to experience it. You have to ride it. Sometimes it has to surprise you so substantially that you tell your friends and family about it. And you'll definitely miss it when it's gone.

Sometimes, it has to save you.

At KLIM, we think about it every time we build a product. It's what makes up the DNA inside every piece of KLIM gear you wear.

By understanding where and how you ride we can make sure it's there when you need it.

It's what drives KLIM's innovation.

It's what fuels KLIM's passion for snowmobiling. It is Performance.

KLIM sets the standard for the world of Technical Riding Gear.

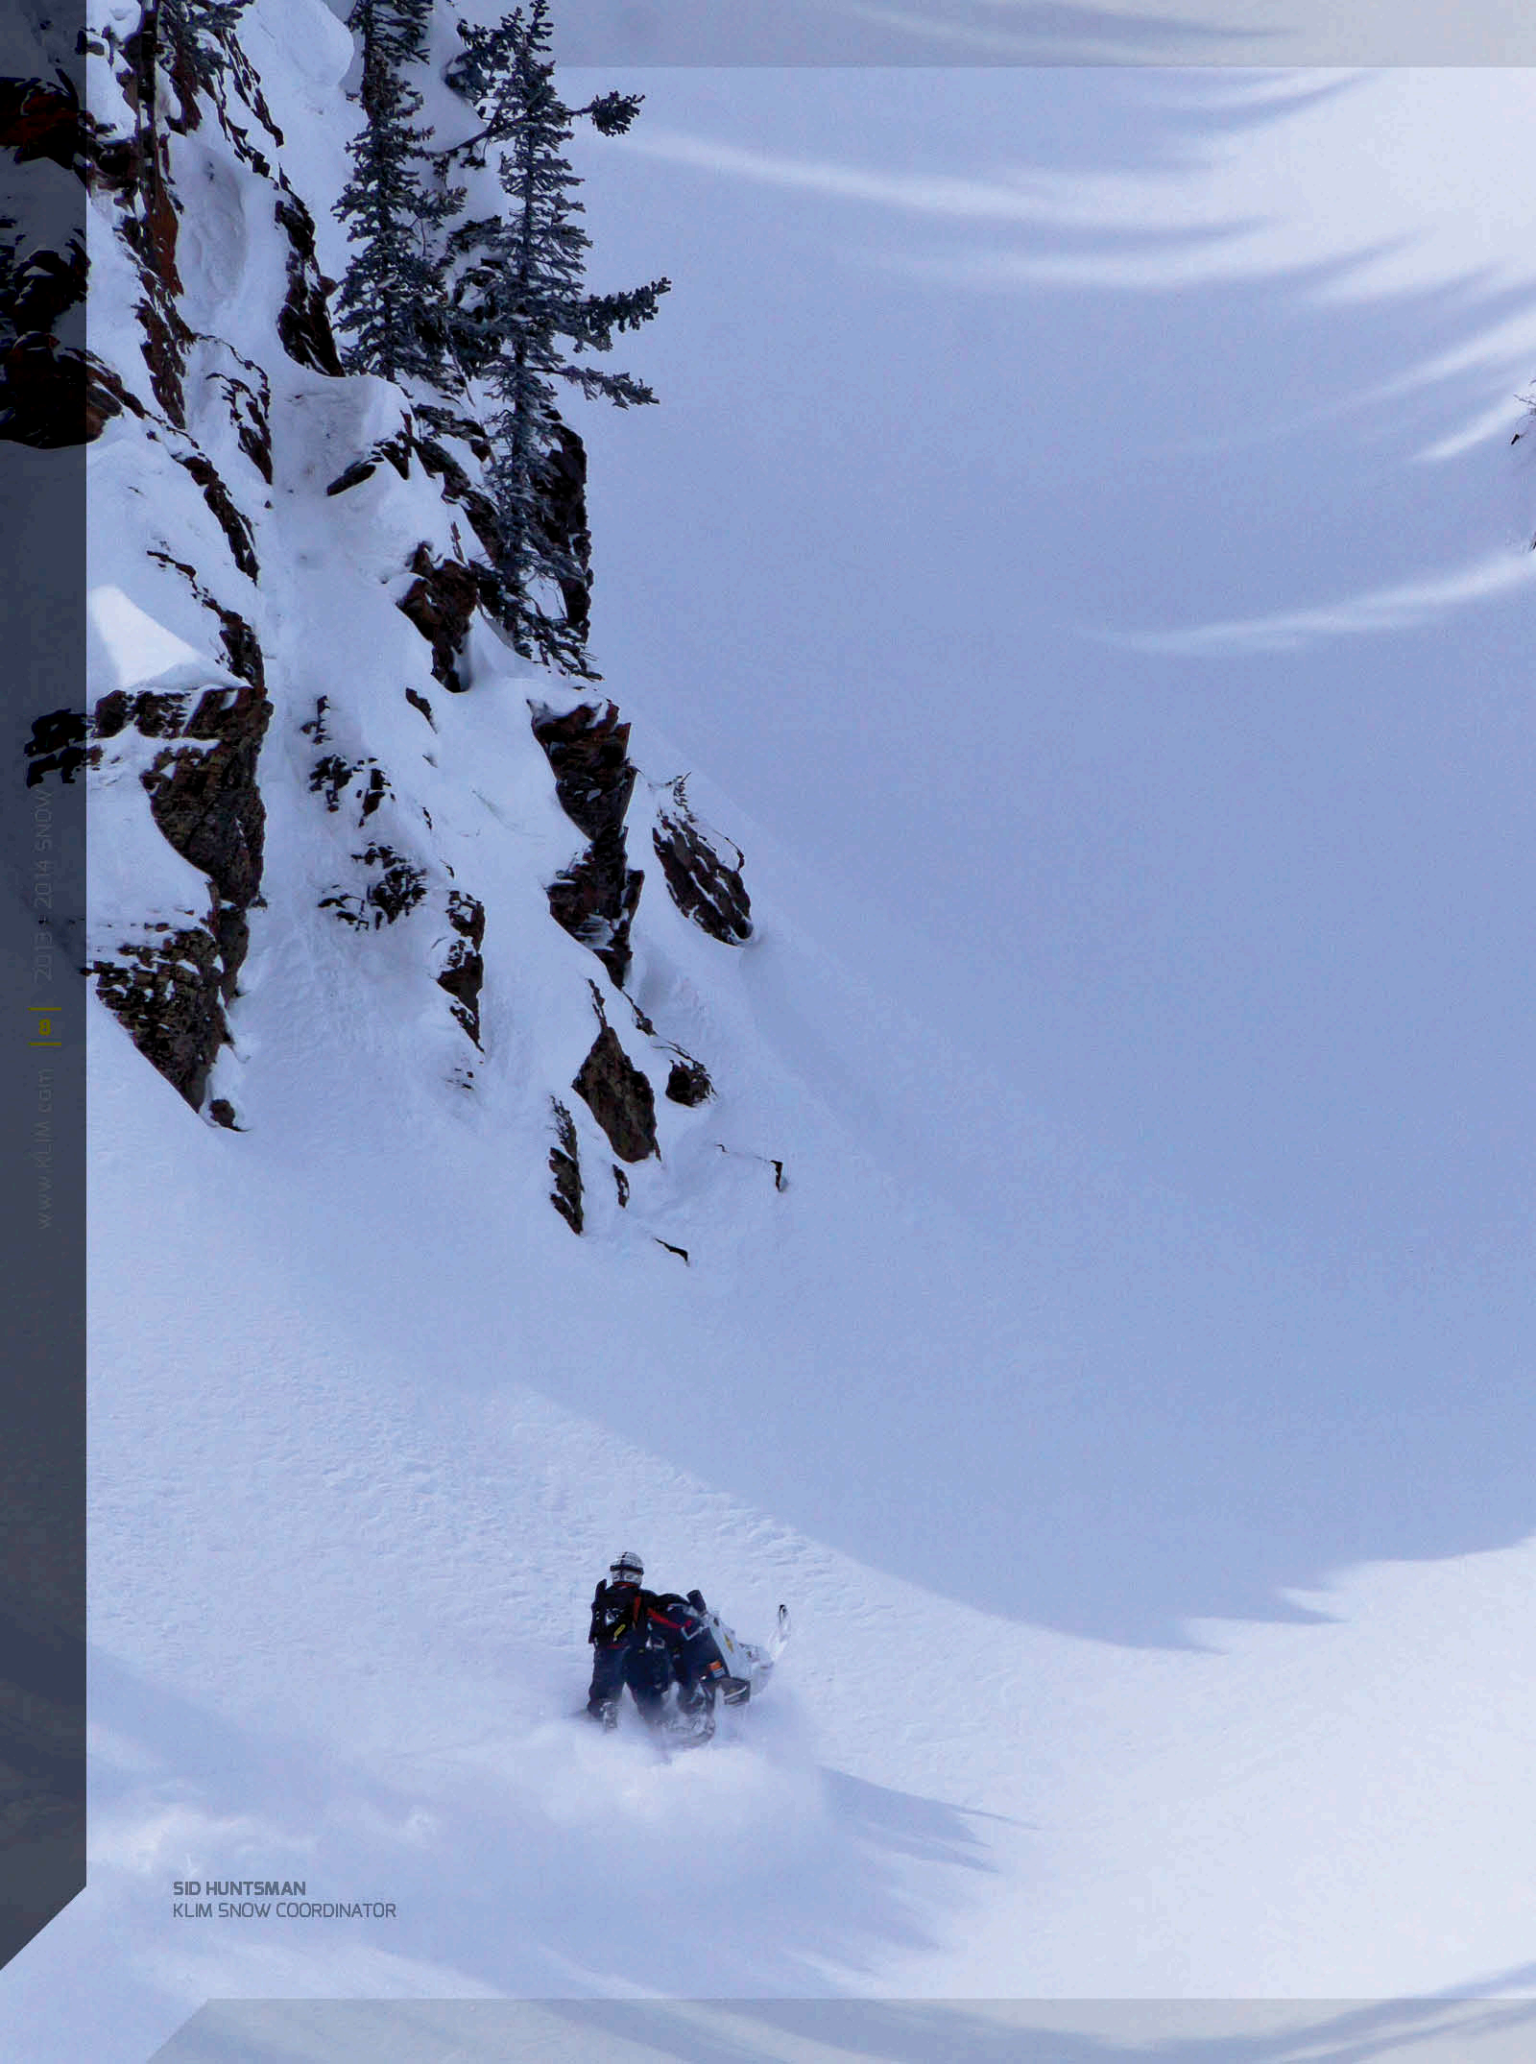

# PEOPLE OF KLIM

Nothing defines KLIM more than the people behind the products. From family roots and through sourcing employees with similar passions, KLIM has developed an employee-base of outdoor-focused individuals across departments. Product developers who actually develop their products behind a throttle—not just a desk, a sales team that has inside information on the performance of a product because they've used it, and department managers who are always looking for official, work-related reasons (of course) to get out and ride make up the majority of the people inside the Idaho headquarters.

KLIM isn't only a brand that makes durable, dependable gear. KLIM is a group of people who despise inferior equipment and look forward to creating the next great product so they can get out and use it.

A full-page photograph of a person snowmobiling down a steep, snowy mountain slope. The snowmobiler is wearing a helmet and dark gear, and is kicking up a cloud of snow as they descend. The background shows a vast, snow-covered mountain range under a clear sky. On the left side, there is a dark vertical band containing text and a small logo.

# GOGGLES

## CLARITY

KLIM forges ahead in goggle development with the latest generation of the Radius line. The goal is simple: deliver the clearest optics and the most comfortable vision in the most durable package snowmobilers have ever experienced. Nothing but premium ingredients make the cut in this snowmobile-focused goggle line.

KLIM strives to develop the most advanced and trusted snowmobile goggle on the planet which is why we've traveled the world over to find premium materials, state-of-the art technology and breakthrough manufacturers. In the newest improvements to the Radius Goggle.

The Radius Goggle is built to perform in the harshest riding conditions and deliver technical solutions to the pain points riders may encounter. KLIM holds true to their uncompromised standards in fog proofing, field of vision, lens durability, ventilation and comfort to bring you the next chapter in winter optical excellence.

*The Radius Goggle set the bar for snowmobile goggles. We just raised it again.*

Here's why the Radius Goggle is the best:

## GEMIN-EYE ANTI-FOG:

Anti-fog treatments were first developed by NASA during project Gemini to provide their spacesuit with a lens that would fight condensation in space. Likewise, the best snowmobile goggle should perform for every rider and withstand extreme conditions. After sourcing the best materials and methods around the globe, KLIM is the first to offer GeminEYE anti-fog. Rather than a simple hand application on one side of the lens, we dip the entire inner lens in the GeminEYE formula as a dual shield against fog up to 3X longer than our previous best lens.

The lens is thermally bonded for 24 hours then heated again during production to evaporate any moisture that may have built up during the manufacturing process for a vivid lens throughout the Radius Goggle's entire field of vision.

When it comes to eliminating fog and performing better and longer, GeminEYE is the answer.

## FOV+ GEOMETRY:

Every dimension of the Radius goggle skeleton has been meticulously engineered to provide the most unobtrusive peripheral Field of View (FOV) available. From frame dimensions and strap outrigger\* angles to the width of our dual-lens gasket material and FOAM3 system, every component of the Radius goggle is designed to disappear from your vision as soon as you put it on. Intense engineering allows the Radius to combine high-peripheral vision with AIRCHAMBER (see below) maximum volume construction—providing the unique benefits of a deep-chambered goggle that doesn't impede your vision.

\*On Radius Pro Models Only

## QUAD TESTED POLYCARB PREMIUM LENS:

KLIM developed the Polycarb Premium lens with an extremely advanced Polycarbonate (PC) outer lens for a more durable and scratch resistant experience. In order to deliver the highest quality, the Radius Goggle goes beyond the industry standard by undergoing 4 unique durability tests: CE test, EN174:2001, ASTM F659:2010, ANSI Z87.1. The combined technologies with the Polycarb Premium Lens make the Radius Goggle inherently more durable and vivid than the competition.

## AIRCHAMBER VOLUME BOOSTING DIMENSIONS:

The KLIM Radius Goggle is designed with more volume between your eyes and the interior surface of the lenses. This higher volume of air created by KLIM's AIRCHAMBER is affected less drastically by changing temperatures and humidity levels, keeping condensation saturation to a minimum. The KLIM Radius Goggle's AIRCHAMBER maximizes the volume of the face-to-lens airspace so the chance of fogging and having your vision compromised is diminished.

## FRESH AIR VENTILATION SYSTEM:

The AIRCHAMBER airspace in the Radius goggle is managed by the Radius Goggle's dynamic FRESH AIR ventilation system—perfected to maintain clean, clear air in front of your eyes and across the lens interior. In-frame directional intakes, massive lower and upper frame vents and substantial in-lens vents all combine to keep the KLIM Radius goggle's AIRCHAMBER restored with clean air. Combine the Radius Goggle with a KLIM F4 Helmet and you get the first fully integrated helmet and goggle ventilation system ever developed—the ultimate in comfort and clarity and the absolute best combination to fight poor visibility on the snow.

## RADIUS FOAM SYSTEMS:

KLIM utilizes two exclusive foam structures in the Radius Goggle to provide maximum breathability, durability and comfort.

By sourcing unique foam composites never before used in consumer eyewear, KLIM enhances rider comfort by completely managing moisture throughout the Radius Goggle system. The key is to move and remove moisture.

Combined with AIRCHAMBER dimensions and FRESH AIR ventilation the Radius Foam Systems continue the focus on providing clear vision in all conditions.

## FOAM3 FACE FOAM:

1: High-wicking face contact fabric transports sweat off your skin quickly to keep a fresh, dry junction between your face and the goggle. Antimicrobial properties keep this thin layer of hyper-wicking fabric fresh while it constantly transports moisture into Stage 2.

2: Medical-grade foam absorption properties help make KLIM's Stage 2 foam the most potent sweat dispersing foam structure available. Its superior encapsulating functionality can hold more moisture, allowing it to evaporate quicker and more completely than any other foam. Stage 2 also incorporates high-quality antimicrobial properties to reduce funk and eliminate foam failure due to microbial attacks.

3: Strong Barrier Foam adheres to the Radius frame and provides the foundation for the FOAM3 System. Its higher-density structure is perfect for holding tight to the frame and provides awesome durability and adhesion. The Barrier Foam also provides cold-air-blocking around the perimeter of the goggle that kills wind chill and that frozen forehead sensation that open foams can let through.

## RADVENT FRAME VENT FOAM:

KLIM, in conjunction with GORE Labs, documented breathability and air-permeability performances of numerous frame vent foam structures. Through this research, KLIM found the perfect lens ventilation foam. Our RADVENT foam provides snow and debris-blocking properties with air permeability and breathability performance equal to much less dense foams. This allows maximum air and water vapor to escape without allowing snow or other debris to penetrate into the AIRCHAMBER.

## PREMIUM CASE & CLEANING CLOTH:

Included with all Radius models is a two-chamber/dual-fabric cleaning cloth which doubles as a goggle/extra lens storage bag. Radius Pro models will include a premium hard case\* to protect your goggle.

This KLIM RADIUS replacement lens is the most advanced goggle lens in the world. It offers uncompromised performance in fog-proofing, field of vision, lens durability, ventilation and comfort.

#### THE KLIM RADIUS LENS FEATURES:

##### Quad Tested PolyCarb Lens

The Radius Goggle went beyond the industry standard of two tests by passing four unique durability tests.

##### GeminEYE Anti Fog

KLIM's exclusive new Anti-Fog process coats both sides of the lens by dipping it in the new anti-fog formula resulting in fog resistance up to 3 times longer than previous models.

##### FRESHAIR Ventilation

In-frame directional intakes, massive lower and upper frame vents and substantial in-lens vents all combine to keep the KLIM Radius Goggle's AIRCHAMBER restored with clean air.

Available in multiple tints and treatments for every riding condition, the KLIM RADIUS replacement lens system ensures the most advanced goggle has the right lens at the right time.

## NEXT LEVEL **HELMETS**

KLIM introduced the benefits of real ventilation to the helmet world nearly 10 years ago. Cooler, drier heads have prevailed ever since. With the latest versions of the powerful F4, ventilation still reigns supreme in conjunction with all-new lighter-weight options, refined components and stylish colors and graphics. The F4 has been the best. Now it's even better.

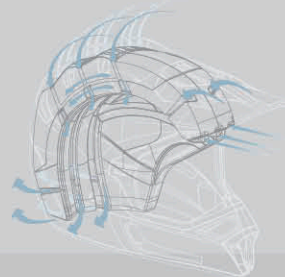

EVAN HOGE  
KLIM SNOW PRODUCT DEVELOPER

# F4 HELMET

REDESIGNED

THE MOST VENTILATED  
HELMET IN THE INDUSTRY.

As the most ventilated helmet in motorsports, the premium F4 from KLIM keeps riders drier and cooler in the world's most demanding conditions while protecting from the bone-chilling effects of wind-chill.

Built on a premium, zonal fiber select platform, the KLIM F4 features aerospace fiberglass, carbon fiber and Kevlar™ layups to ensure premium safety standards are exceeded around the world. Comfort is enhanced by moisture-wicking comfort liner and cheek pad materials, comfort liner and cheek pad perforation, and the insane continuation of ventilation ducts and channels throughout the EPS.

KLIM's premium standards are seen in the complete F4 Package. Included with every F4 Helmet is a genuine WINDSTOPPER® packable, snap-in liner to block direct wind contact while still retaining incredibly high breathability. Also, KLIM includes a snap-in breath deflector with every F4—making it a true four-season, multi-sport helmet. Removable cheek pads and liners wash easily (and are replaceable) and a spare visor and visor hardware are included in the ballistic nylon carrying helmet bag that comes with each F4.

To put it simply: the KLIM F4 wins across the board. That's what superior technology, premium features and KLIM ingenuity deliver. Try an F4 on today and experience a new reality of comfort and performance.

## NEW for 2013:

- Now available in ECE 22.05 versions (nearly 1 pound lighter than Snell M2010/DOT version)
- Revised Fin Shapes reduce drag, snagging and breaking off without reducing ventilation airflow and/or ventilation performance
- All-new breath deflector design fits a wider range of face shapes comfortably.

## INCLUDED WITH EACH HELMET

- DELUXE, SOFT-LINED, BALLISTIC NYLON CARRYING BAG WITH EXTERNAL ZIPPERED SIDE POCKETS AND END MESH STASH POCKET
- SPARE VISOR AND VISOR BOLT HARDWARE
- WINDSTOPPER® COLD-WEATHER SNAP-IN LINER
- BREATH DEFLECTOR
- REMOVABLE CHEEK PADS
- REMOVABLE COMFORT LINER

## MOST ADVANCED VENTILATION SYSTEM IN MOTORSPORTS

- AIR INDUCTION SYSTEM SUPPORTS AIR-CRAVING INTAKES TO DELIVER SUBSTANTIAL AIR-FLOW AND VOLUME INTO VENTILATION SYSTEM
- EPS AIR CHANNELS CONTINUOUSLY INTRODUCE FRESH AIR TO INNER PRESSURE CHAMBER NETWORK AND TRANSPORT HEATED AIR AND EXCESS MOISTURE TO EXIT PORTS
- LARGE, EFFECTIVE EXIT PORTS
- MOISTURE-WICKING COMFORT LINER AND CHEEK PADS INTEGRATES WITH VENTILATION SYSTEM AND ENHANCES COOLING VIA AIRFLOW PERFORATIONS
- NON-INTRUSIVE EYE PORT INCREASES FIELD OF VISION
- PREMIUM CONSTRUCTION AND QUALITY
- SNELL M2010 AND U.S. DOT VERSION EXCEEDS STANDARDS
- E.C.E. 22.05 VERSION AVAILABLE IN SELECT COLORWAYS ONLY
- ZONAL FIBER SELECT CONSTRUCTION WITH AEROSPACE FIBERGLASS, CARBON FIBER AND KEVLAR™ ENSURE A SAFER HELMET
- AIR-INDUCTION EXTERIOR RIDGES INCREASE STRUCTURAL INTEGRITY OF THE HELMET
- PATENT D583, 102
- ALL-WEATHER SYSTEM AND COMFORT FEATURES
- INCLUDED WINDSTOPPER® LINER IS SMALL AND POCKETABLE, SNAPS ONTO FOAM COMFORT LINER TO PROVIDE WINDPROOF WARMTH WHILE STILL MAINTAINING INCREDIBLE BREATHABILITY AND MOISTURE REMOVAL
- ADJUSTABLE SNAP-IN BREATH DEFLECTOR INCLUDED
- COMFORT LINER AND CHEEK PADS EASILY REMOVABLE AND WASHABLE

## REPLACEMENT PARTS AVAILABLE

- OPTIONAL THICKNESS CHEEK PADS
- HELMET VISOR
- TOP VENT COVER
- VISOR SCREWS (2)
- VISOR SCREW WASHERS (2)
- CENTER SCREW
- CENTER SCREW WASHER
- MOUTHPIECE SCREW

# VALDEZ PARKA

As the only snowmobiling jacket in the world with the tried and tested GORE-TEX® Pro Shell Comfort Mapping construction technology, the Valdez ensures maximum comfort, durable waterproofness, and maximum breathability in all conditions. This parka is built to work seamlessly with the human body in the most demanding conditions. Highly active riders who demand maximum performance have trusted the Valdez for years.

For 2012-2013, KLIM has stepped up their game by revising the fit for a better, more-aggressive fit, removing excess material flaps for quicker access to cargo pockets, blacking-out the color scheme to clean up the style and adding a KLIM-Exclusive embossed shell fabric. All-in-all the KLIM Valdez Parka is set to dominate like never before.

- GUARANTEED TO KEEP YOU DRY®

# STORM PARKA

The KLIM GORE-TEX® Storm Parka has been the aggressive rider's choice for years. With a tough, nylon outer shell and intense ventilation ports, there isn't much in the Storm Parka's price and function range that can match its on-snow performance. New updates for 2013-2014 include more aggressive patterning and color style lines, mesh-covered pit vents to stop snow dust penetration even when open and a mesh wrist gator to keep your lower arms cooler even when you're working hard.

- NEW AGGRESSIVE STYLE LINES
- NEW MESH IN ALL VENTS TO KEEP SNOW OUT
- NEW MESH IN WRIST GATOR FOR MAX COMFORT AND VENTILATION

## EXTERIOR FEATURES AND BENEFITS

- GUARANTEED TO KEEP YOU DRY®
- GORE-TEX® TWO-LAYER LAMINATE TECHNOLOGY
- HIGHLY BREATHABLE
- DOUBLE STORM FLAP CONSTRUCTION AT FRONT ZIPPER
- HEAVY-DUTY NYLON IN HIGH-WEAR AREAS
- AGGRESSIVE PATTERNING
- YKK® ZIPPERS THROUGHOUT
- WATER RESISTANT YKK® ZIPPERS IN EXPOSED AREAS
- INTEGRATED ZIPPER GARAGES
- GLOVE-FRIENDLY ZIPPER PULLS
- MAX VISIBILITY THROUGH INCREASED 3M™ SCOTCHLITE™ REFLECTIVE MATERIALS AND TRIM
- SYMMETRICAL BACK/FRONT STYLING

## MAX FLOW VENTILATION

- MAX FLOW VENTILATION: 6 PORTS
- 2 VERTICAL OUTSIDE CHEST VENTILATION INTAKES
- 2 VERTICAL BACK VENTILATION EXHAUSTS
- 2 WIDE PIT ZIPS WITH INTERIOR MESH TO STOP SNOW PENETRATION

## CARGO, COMFORT AND RIDE FEATURES

- 4 EXTERIOR POCKETS (2 CHEST, 2 HAND)
- 2 INTERNAL POCKETS
- SNOW DUST SKIRT
- FLEECE-LINED COMFORT COLLAR AND BEARD FLAP
- HELMET-FRIENDLY COLLAR ADJUSTMENT
- INTERNAL COMFORT LINER
- INTERIOR MP3 HEADPHONE PORT AND SECURING LOOPS
- REMOVABLE SHOULDER PADS
- INTEGRATED INTERNAL WRIST GAITERS WITH NEW MESH PANEL FOR INCREASED BREATHABILITY
- INTERNAL POCKET KEY CLIP
- KILL SWITCH D-RING
- BOTTOM HEM ADJUSTMENT
- HIGH-STRENGTH CORDURA® UNDERLAYS
- ADJUSTABLE VELCRO CUFFS

# STORM BIB

KLIM's Storm Bib provides high-quality function with an all-new no-bulk fit and smartly redesigned features to make it a 2013 favorite. Highlighting it's updates are quick-adjust suspender cam locks, double the amount of 3M™ Scotchlite™ reflective material and an ultra-secure three-position lower boot cuff adjustment system designed to ensure a secure, snow-blocking ride all season long.

For riders looking to ride in a premium non-insulated bib with an incredibly refined, bulk-free fit, the Storm is a great choice.

- NEW DOUBLE THE AMOUNT OF 3M™ SCOTCHLITE™ REFLECTIVE MATERIAL
- NEW 3 POSITION BOOT HEM ADJUSTMENT VIA HEAVY DUTY HYPALON TAB AND RING SNAPS
- NEW QUICK ADJUST SUSPENDER CAM LOCKS
- NEW SLIMMER CUT TO REDUCE EXCESS BULK
- NEW AGGRESSIVE STYLE LINES
- NEW CENTER BACK K LOGO

# PARKA TOMAHAWK

The Tomahawk carries a ton of momentum in the current snow line. An updated ventilation system (we've removed the pit zips and integrated vertical intake and exhaust ports for easier operation) and integrated, low-profile cargo options combine with the tested and proven durably waterproof GORE-TEX® Two Layer Performance Shell Technology. A guaranteed dry and comfortable ride is right here. Tomahawk riders are high-activity boondockers that build up a sweat and want a technical, high-contrast look to their gear.

- GUARANTEED TO KEEP YOU DRY®
- GORE-TEX® TWO-LAYER PERFORMANCE SHELL TECHNOLOGY
- AGGRESSIVE PATTERNING
- HIGHLY BREATHABLE
- MAX FLOW VENTILATION: 4 PORTS

# EXTREME<sup>BIB</sup>

The Extreme Bib is the perfect choice for boondocking riders looking for the function and secure fit of a bib with the unrestricted comfort of a waist-high pant. The GORE-TEX® Three Layer Performance Shell construction throughout the aggressively patterned main body delivers the 100% waterproof, windproof, and highly breathable outerwear performance you expect. The high-back/low front style brings the best of both worlds; blocking snow dust and powder invasion in the back while opening up the front for ultimate freedom.

- GUARANTEED TO KEEP YOU DRY®
- GORE-TEX® THREE-LAYER PERFORMANCE SHELL TECHNOLOGY
- KLIM'S EXCLUSIVE SEAT DRY TECH CONSTRUCTION
- AGGRESSIVE PATTERNING
- MID-HIGH BACK BIB PANEL
- MAX FLOW VENTILATION: SIDE ZIPS
- 500D CORDURA® OVERLAYS ON KNEES AND INNER BOOT AREA
- 500D CORDURA® UNDERLAYS
- INTERNAL COMFORT LINER
- NON-RESTRICTIVE GUSSETING
- EASY ACCESS LONG LENGTH SIDE ZIPS
- 2 EXTERNAL THIGH POCKETS
- REMOVABLE KNEE/SHIN PADS
- SIDE COMPRESSION WAIST ADJUSTMENT

# JACKET STOW AWAY

The KLIM Stow Away Jacket is one of the most popular KLIM GORE-TEX® jackets made. Its success comes from insane attention to comfortable details combined with brutal-weather functionality. Best of all, its waterproof/breathable performance packs away into its own pocket quickly and easily to go on every ride just in case you need it. The Stow Away is the perfect, must-have jacket in your gear bag.

New-for-2013 features include a redesigned, unobtrusive fixed hood, more durable GORE-TEX® main body material and completely updated color choices including zipper color accents and logo treatments.

# REVOLT PULLOVER

REDESIGNED

KLIM's ever-popular Revolt Pullover has received a complete performance upgrade. While the simplistic and ultra-packable wind-blocking pullover approach has been retained, KLIM's product team has added more advanced fabrics, more effective ventilation and more durable materials throughout. Designed to be worn over your favorite KLIM base layer, jersey or directly on top of your preferred protective equipment (chest protector, Tek Vest, pressure suit, ETC.), the all-new Revolt Pullover provides an exceptional layer of wind protection and warmth at an outstanding value.

- NEW MAIN BODY FABRIC IS WIND BLOCKING WITH IMPRESSIVE BREATHABILITY
- NEW HANGING LINER ADDS MASSIVE COMFORT
- NEW INDEPENDENT HAND POCKETS AND SHOCK CORD WAIST ADJUSTMENT
- NEW VELCRO WRIST ADJUSTMENT
- NEW REAR ARM MESH VENT

#### EXTERIOR FEATURES AND BENEFITS

- NEW HIGHLY WIND-RESISTANT FABRIC ON ENTIRE FRONT, BACK, FRONT-OF-SLEEVES, BACK UPPER SLEEVE
- DURABLE PRINT ON SHOULDER AND ELBOWS FOR INCREASED WEAR RESISTANCE
- 1/4-LENGTH CENTER ANGLED YKK® ZIPPER ENTRY
- ADJUSTABLE HEM VIA SHOCK CORD PULL (IN LEFT AND RIGHT POCKETS)
- ADJUSTABLE VELCRO® BRAND CLOSURE WRIST CUFFS

#### MAX FLOW VENTILATION

- NEW FIXED BACK-OF-SLEEVE SEMI-MESH PIT VENTS LET HEAT ESCAPE WITHOUT INTRODUCING WINDCHILL
- FIXED-OPEN HORIZONTAL BACK VENT

#### CARGO, COMFORT AND RIDE FEATURES

# KEWEENAW<sup>BIB</sup>

KLIM's most foul-weather ready insulated snowmobile bib comes into the new season with subtle updates that increase riding performance, durability and styling and visibility.

As the only snowmobile bib with KLIM's use of a Zonal Insulating System, the Keweenaw puts high-tech 3M™ Thinsulate™ insulation materials in just the right areas to maximize warmth, comfort and durability—they even prevent microbes and odor from living inside your gear! Add in the GORE-TEX® Three-Layer Laminate waterproof/breathable technology and three times the amount of 3M™ Scotchlite™ reflective material and you have the ultimate brutal-weather-worthy bib built for years of use.

If you want the absolute highest performing insulated snowmobile bib, the Keweenaw is it.

- NEW TRIPLE THE AMOUNT OF 3M™ SCOTCHLITE™ REFLECTIVE MATERIAL

# KLIMATE BIB **REDESIGNED**

The KLIMATE Bib incorporates an impressive list of high-tech insulated bib features making it a tremendous value for the rider who wants an insulated bib that won't hold them back. GORE-TEX® Three-layer laminate technology and guaranteed 100% waterproof, windproof and breathable insulated performance keep the KLIMATE bib impressing cold-weather riders year after year. Standout features include the toughness of ballistic nylon overlays in high-wear zones, ample 3M™ Scotchlite™ reflective materials for increased visibility and insulation provided by 200 Grams of 3M™ Thinsulate™ premium insulation throughout. For riders that face extreme temperatures and look for exceptional value in a speed-ready bib, the KLIMATE is the perfect fit.

- NEW MULTIPLE PANEL KNEE CONSTRUCTION PROVIDES MORE NATURALLY BENT KNEE POSITIONING

# VECTOR PARKA

The SPEED SERIES of KLIM Technical Riding Gear is led by the Vector Parka—an all-new jacket with speed in its veins. Constructed with GORE-TEX® Two Layer Performance Shell technology, the Vector parka drops the hammer on the most abusive riding. Ballistic nylon overlays, 200 Grams of 3M™ Thinsulate™ Insulation and integrated front impact padding bring the fight back to Mother Nature. Race inspired high-visibility logos and reflective add safety and style while KLIM's exclusive angled ventilation system opens up when you overheat. The Vector owner wants a race-ready jacket with the sleekest look and the 3M™ Thinsulate™ Insulation and GORE-TEX® performance to make every ride, or race, their best.

- GUARANTEED TO KEEP YOU DRY®

# KINETIC PANT

Aggressive patterning, forward articulation and a clean look make the Kinetic Pant a top choice for cross-country racers and trail riders alike. GORE-TEX® three layer performance shell technology and 100 Grams of 3M™ Thinsulate™ Insulation throughout make it a highly functional, 100% waterproof and windproof, highly breathable and comfortably warm pant. 500D CORDURA® overlays on the knees stand up to serious abuse. Kinetic pant owners appreciate the clean styling and high-quality design but don't require the premium features of KLIM's Vector Pant.

# IMPULSE PARKA

The insulated Impulse Parka sets an all-new snowmobiling style and performance standard. Redesigned for 2013-2014, KLIM brings bold-yet-clean styling with solid black or orange color options on a textured main body. Up close you'll notice fine details like high-quality logo embroidery and the cool print detail textured design. But the Impulse is much more than looks. The new fully removable hood offers waterproof and insulated performance when wanted and stash-away convenience when not. Also included is 100 Grams of 3M™ Thinsulate™ Insulation for just the right amount of warmth to fight the colder days while GORE-TEX® two-layer laminate technology takes care of the GUARANTEED TO KEEP YOU DRY® duties.

From the updated styling and fabrics to the proven performance of KLIM's GORE-TEX® technologies, the Impulse Parka is one seriously fun piece of riding gear.

# TECHNICAL LAYERING

## ULTIMATE VERSATILITY

KLIM's Technical Layering System provides the utmost flexibility and comfort in high-performance clothing. From rapid moisture-wicking base layers to the most expansive mid-layer insulating pieces ever offered, today's layering solutions offer the ultimate comfort solution. Customize your riding suit today, or simply enjoy the versatility and style of many layering pieces on their own.

RYAN NELSON  
BOONDOCKERS FILMS

# TORQUE JACKET

The all-rider favorite Torque Jacket returns with an all-new look and performance focus for 2013-2014. Engineered with the same maximum comfort, exceptional insulation and impressive compressibility of the original Torque, the new version comes with even more durability and mid-layer fit/function built in!

The secret to its intense comfort comes from 100 Grams of siliconized 3M™ Thinsulate™ insulation—providing excellent heat retention while letting you move in absolute freedom. Plus the whole jacket packs into its own pocket, compressing down to a small package perfect for stowing in a backpack.

Mid-layer insulator functionality is massively increased with a new hoodless design that slips under your favorite outerwear shell effortlessly. Lower profile cuffs, Cordura® overlays on the high-wear areas and a slightly refined fit ensure this casual-worthy piece never compromises on its riding performance.

## REDESIGNED

- NEW HOODLESS DESIGN FOR ENHANCED TECHNICAL MID LAYER FIT
- NEW 1/2 LENGTH PIT ZIPS ADD VENTILATION CONTROL
- NEW DWR-TREATED SPANDEX CUFF FOR NON-RESTRICTIVE LOW PROFILE MID LAYER FIT
- NEW CORDURA® NYLON OVERLAYS ON SHOULDER, ELBOW & WRIST FOR MAX DURABILITY
- NEW POCKET CONSTRUCTION PUTS YOUR HANDS INSIDE THE INSULATION TO INCREASE POCKET WARMTH
- NEW STYLE LINES
- 100 GRAMS OF SILICONIZED 3M™ THINSULATE™ INSULATION PROVIDES INSANELY COMFORTABLE INSULATED PERFORMANCE

# SUMMIT TECH T LS

The men's Summit Tech T is designed as a performance-riding base or mid-layer shirt. Its new-for-2012 Polyester Micro-grid knit main body fabric and stretch panels of poly/spandex fabric make it ideal for all riding duties. Don't compromise your layering system with a cotton t-shirt, choose a Tech T and stay drier and more comfortable all day. Anti-microbial sweat zones fight the funk of the hardest rides while its anti-piling 4-way stretch fabrics keep it looking and fitting perfect ride after ride.

# TACTICAL PANT

The KLIM Tactical pant offers the same padded comfort and coverage of the popular KLIM Tactical Short in a full-length riding pant. Now, you can combine a padded comfort short and your lower body base layer into one piece designed to wick moisture away and facilitate maximum breathability. The saddle area features a high-tech triple-density chamois that absorbs riding impacts in the saddle and prolongs the comfort of your ride. PORON® XRD™ Extreme Impact Protection material is embedded in strategic locations to help absorb impacts on your legs, hips and more. You want one pant that does it all? The Tactical pant is.

- PORON® XRD™ EXTREME IMPACT PROTECTION MATERIAL ON HIP, THIGHS AND OVER TAILBONE
- PADDED COMPRESSION PANT
- SUPER BREATHABLE MOISTURE-WICKING POLYESTER MATERIAL
- 4-WAY-STRETCH SPANDEX DOWN ENTIRE LEG TO FIT DIFFERENT LEG SIZES AND SHAPES
- SOFT ELASTIC WAISTBAND
- SUEDE TEXTURE CHAMOIS CROTCH/GROIN AREA
- TAGLESS
- ADVANCED PATTERNING FOR ULTIMATE FIT AND COMFORT
- SILICONE BAND KEEP ANKLE CUFF IN PLACE

# TACTICAL SHORT

Say goodbye to the days of chafing and other riding maladies associated with loose-filling riding shorts. The KLIM Tactical Short is designed to keep your equipment stowed properly and to wick moisture away from your skin to ensure maximum possible comfort on your ride. The saddle area is constructed with a high-tech triple-density chamois that will help absorb riding vibrations and cushion your ride. PORON® XRD™ Extreme Impact Protection material is embedded in strategic locations to help absorb impacts. On impact, the PORON® XRD™ high-performance molecules creates a unique protective shield that can repeatedly absorb up to \*90% of the most intense force.

- PADDED COMPRESSION SHORT
- PORON® XRD™ EXTREME IMPACT FOAM ON HIP, THIGHS AND TAILBONE
- HIGHLY BREATHABLE MOISTURE-WICKING POLYESTER MAIN BODY MATERIAL
- FOUR-WAY STRETCH SPANDEX DOWN ENTIRE LEG FOR COMPRESSION FIT TO DIFFERENT LEG SIZES AND SHAPES
- ADVANCED PATTERNING FOR ULTIMATE FIT AND COMFORT
- SOFT ELASTIC WAISTBAND
- SUEDE TEXTURED CHAMOIS CROTCH/GROIN AREA
- TAGLESS COMFORT DESIGN

## ARCTIC BALACLAVA

Specifically designed for the coldest riding conditions on Earth, the Arctic Balaclava features a massive feature list fit for the most extreme climates. From the base, the Arctic Balaclava brings a massive, ultra-wide skirt to ensure it stays put. Add in: full WINOSTOPPER®-frontal attack with KLIM's variable fleece backer thicknesses around eyes (to enhance fit and reduce restriction), full neoprene nose piece/breath deflector, lycra stretch back, conformed neck fit, and super stretchy fleece over the head. All-in-all, this is one Balaclava that can take it all.

- SPECIFICALLY DESIGNED FOR THE COLDEST CONDITIONS/HARSHEST ELEMENTS
- ULTRA-WIDE SKIRT PROVIDES MAX WIND PROTECTION AND STAYS TUCKED IN
- HEAVY FLEECE WINDSTOPPER® MAIN BODY CONSTRUCTION
- COMPACT FLEECE WINDSTOPPER® EYE PORT CONSTRUCTION
- NEOPRENE NOSE PIECE/BREATH DEFLECTOR
- SUPER STRETCH HEAD FLEECE-LYCRA STRETCH BACK TO FIT DIFFERENT HEAD SHAPES/SIZES
- GATHERED STRETCH SIDE-OF-NECK KEEPS IT SECURE

# WOMEN

## 100% COMMITMENT

As with their legendary men's styles, KLIM puts full effort into designing and developing the most advanced riding apparel for women. With more women-specific sizes, materials and styles than ever before, the KLIM Women's lineup is the absolute pinnacle in performance outerwear. Your ride. Your style. KLIM quality.

# Women's ALPINE PARKA

The most technically advanced outer shell on the snow is here. And it's made specifically for the world's most demanding female riders. The all-new Alpine Parka features a unique combination of GORE-TEX® fabric technologies to deliver maximum toughness, breathability and the confidence of our GUARANTEED TO KEEP YOU DRY® Promise. Patterned aggressively for highly active riders, the Alpine incorporates leading-edge features not found anywhere else.

Perfectly matched to the KLIM women's line of performance layering gear, the Alpine is exactly what aggressive riders have been asking for: unbeatable shell performance, high-end features, supreme function, durability and accessories. This is THE jacket for the real female rider who stops less and rides more.

# Women's APLINE BIB

KLIM innovation continues in the Alpine Bib. Starting with an all-new high-waist bib design built in tune with real-world female body shapes; the Alpine Bib refuses to compromise and looks to satisfy the most demanding riders' needs. Non-insulated to take advantage of supreme breathability and layering system versatility, the GORE-TEX® Three Layer Performance Shell construction keeps aggressive riders on the snow longer.

This is the first full-featured premium shell bib built for women that incorporates all the proven men's product technology (wrap around full-length side zips, KLIM Seat Dry Tech construction, high wear fabrics in key zones, intelligent gaiter design and more). Unique embossed GORE-TEX® fabric adds just enough female styling to finish off the Alpine—the next step in women's riding gear.

- GUARANTEED TO KEEP YOU DRY®
- GORE-TEX® THREE-LAYER PERFORMANCE SHELL TECHNOLOGY
- KLIM'S EXCLUSIVE SEAT DRY TECH CONSTRUCTION

# Women's ALLURE BIB

The new KLIM insulated Allure Bib is the first and foremost in high-quality, cold-temperature female riding gear. But even more than the utmost in high-performance, the real beauty of the Allure Bib is in the fit. This is the first Allure version that is 100% female designed, developed and tested. Intense focus on a comfortable and secure fit and real female functionality was at the heart of the Allure redesign

Built on a base of GORE-TEX® waterproof and breathable laminate technology with the warmth of 3M™ Thinsulate™ insulation, the Allure ensures a warm, dry ride.

Headlining updates include: the sleekest, most flattering women's fit including a highly function drop seat, sports bra-style comfort and secure bib upper, clip-less adjustable shoulder straps, screen print details and improved crotch gusset design for increased mobility

# KODIAK<sup>BAG</sup>

Redesigned from the wheels up, the new Kodiak Bag offers maximum cargo capacity and an intelligent compartmentalized design. From the outside-in, the Kodiak's structural stoutness and weight-distributing design will easily contain all the gear you could ever possibly need. Independent boot, helmet and goggle compartments, cavernous cargo bays and numerous smaller stash and zippered pockets combine to create the ultimate full-size rolling gear bag.

- STRUCTURAL SKELETON ENSURES STAND-UP STABILITY WHEN LOADED OR UNLOADED
- COMPARTMENTALIZED DESIGN PLACES BOOTS, HELMETS, GOGGLES AND MORE IN DEDICATED ZONES
- OVERSIZED 90MM WHEELS PROVIDE HIGHER GROUND CLEARANCE TO KEEP LOADED BAG FROM HITTING THE GROUND
- INTERNAL SEMI-RIGID BOOT LINER BAG KEEPS BOOTS SEPARATE FROM THE REST OF YOUR GEAR
- YKK® HEAVY DUTY ZIPPERS **YKK®**
- LARGE INTERNAL LID CARGO BAYS
- ZIPPERED LID MESH POCKETS
- TWO EXTERIOR POCKETS (ONE IS FLEECE)
- LIGHTWEIGHT AND STURDY EXTRUDED PULL HANDLE
- HIGH QUALITY GRAB HANDLE WITH MOLDED K-LOGO
- FOUR EXTERNAL GRAB HANDLES (1 MOLDED FOOT GRAB HANDLE AND 3 HEAVY-DUTY WEBBING HANDLES)
- HIGH-IMPACT PLASTIC CORNER ARMOR ON EXTERIOR BASH-AND-DROP ZONES
- SIZE: 36x18x18

# WOLVERINE

## CARRY-ON BAG

KLIM's newest luggage addition is the versatile Wolverine. Packing intense cargo capacity into a carry-on sized rolling bag, the Wolverine will deliver KLIM's gear-bag toughness and style wherever it rolls. High-function travel features include an EVA molded base with integrated corner armor, plentiful internal and external pocket choices, lightweight sturdy extendable pull handle and YKK® heavy duty zippers throughout.

- CARRY-ON DIMENSIONS (22X14X9) FOR AIR TRAVEL AND CONVENIENT CIVILIAN USE
- EVA MOLDED BASE CONSTRUCTION
- INTEGRATED CORNER ARMOR
- IMPRESSIVE CARGO CAPACITY (MAIN COMPARTMENT, LARGE LID BAY, ZIPPERED MESH LID STASH POCKET, INTERNAL SIDE ZIPPERED STASH POCKET, 2 EXTERNAL ZIPPERED POCKETS (ONE FLEECE LINED))
- MAIN COMPARTMENT COMPRESSION STRAPS

## TEAM GEAR BAG

KLIM's Team Gear Bag takes payload to a whole new level. Its superior capacity compartment system features four zones of intense storage: a deep boot compartment, huge center main gear compartment, soft-lined helmet pocket and quick-access external accessory pockets. Even when fully loaded (if you can find enough gear!), the Team Gear Bag remains easy to lift and carry thanks to an ingenious auto compression padded shoulder strap system and sleek, flush-grab side and end handles. Fill it, if you dare!

- CONSTRUCTED OF RUGGED MATERIALS - BUILT TO LAST
- SUPER LARGE CAPACITY
- 4 ZIPPERED COMPARTMENTS
- YKK® HEAVY-DUTY ZIPPERS **YKK**
- DEEP BOOT COMPARTMENT
- LARGE FRONT ACCESSORY POCKET
- HELMET COMPARTMENT WITH REMOVABLE HELMET SLEEVE
- HUGE MAIN GEAR COMPARTMENT
- AUTO-COMPRESSION PADDED SHOULDER STRAP CARRY SYSTEM
- FLUSH-GRAB SIDE AND FRONT HANDLES FOR EASY LIFTING/MOVING
- REINFORCED BASE
- QUILTED HIP PANEL
- MULTIPLE VENTING PORTS
- DIMENSIONS 18"X36"X16"

# KREW<sub>PAK</sub>

KLIM's Krew Pak is the largest capacity riding backpack in KLIM's lineup. Its pocket layout is ready for quick access to multi-day's worth of supplies and tools. KLIM's innovative removable tool pouch, premium three liter hydration pouch, avalanche probe, shovel and shovel handle storage zones and deluxe padded shoulder straps top the feature list. And the list goes on! Full waist belt, adjustable sternum strap with integrated rescue whistle, padded waist strap, high-quality reflective zones and a multitude of accessory and quick-access pockets are all included in this do-all, full-size riding pack.

- HIGH CAPACITY MAIN COMPARTMENT
- TOP LOADING, FLEECE-LINED GOGGLE POCKET
- LARGE ACCESSORY POCKET
- EXTERNAL SHOVEL BLADE STORAGE FOR QUICK ACCESS
- SIDE AVALANCHE PROBE STORAGE AND SHOVEL HANDLE STORAGE
- SEPARATE BACK LOADING HYDRATION COMPARTMENT

**BOONDOCKERS 10 DVD**  
3005-001-000-000

\$24.99

The Boondockers series was founded on a desire to truly explore the winter backcountry. To seek the highest vistas, discover the most challenging terrain and chase the perfect conditions – we developed a new set of technical riding skills that beat a path for the snowmobile industry to follow. While the Boondockers mantra remains steadfast, advances in equipment and rider prowess have pushed the journey to places unimaginable ten years ago. Join the Boondockers crew as we recap an unforgettable season that included ridiculously deep days, incredible new riding locations and the outrageous action you have come to expect from this crew of dedicated backcountry riders.

Last December a series of early storms resulted in the deepest powder we have encountered and set a fitting stage for our tenth anniversary. Boondockers 10 takes you on a quest for the ultimate boondocking terrain through the western United States, Canada and Newfoundland. Along the way you'll experience the endless powder, huge drops and jumps, technical lines, and of course, plenty of laughs. Grab a seat and buckle up for the ride of a lifetime!

**THUNDERSTRUCK 12 DVD**  
3004-002-000-000

\$29.99

From the athletes and photographers of the best selling Mountain-Riding Sled Film for 11 years running! Returning to the style of riding that made them famous, Team Thunderstruck conquers over 100 insane chute-climbs in Thunderstruck 12, once again taking man and machine to their limits. While the weather and snow conditions were less-than-ideal, Thunderstruck traveled North America in search of the perfect conditions... And they found them! From rock-lined chutes to technically fluid tree-riding to the deepest powder in the West, Thunderstruck 12 will once again take viewers to the edge of the earth and back again, all the while white-knuckling them right into their chairs. The Thunderstruck sleds speed into the craziest and sometimes silliest places on earth, places where only these machines and these riders will go. Welcome back to some of the best hillclimbing and best riding in the world. This is Thunderstruck 12. Starring Randy Swenson, Julio Eiguren, Linden Ladouceur, Trennis Baer, Riley Jensen, Mark Mesenbrink and MANY more! A Jim Phelan Film.

**BOONDOCKERS 10 / THUNDERSTRUCK 12 BLURAY COMBO**  
3006-000-000-000

\$44.95

Backcountry riding. It's what we live for. It's our muse... Our zen... And now, the 2 biggest backcountry films in the world come together once again on a single Blu-Ray: Thunderstruck 12 and Boondockers 10! In startlingly bright and colorful 1080 resolution, these films literally jump off your screens and right into your sledding-mental state! Enjoy the amazing skills and funny antics of the crews of TS and BD, including Dan Gardiner, Randy Swenson, Trennis Baer, Phatty Dyer and so many more! Award-winning films and snowmobiles in high-definition... What more could you ask for? Jim Phelan and Dan Gardiner Films.

## **CUSTOMER SERVICE & WARRANTY / REPAIR**

KLIM® is one of the few apparel companies that have total control over its products. From design and development to sales and service after the purchase, every aspect of a product's life is handled or overseen by focused and slightly obsessed KLIM employees. It's with this control that we can offer the highest quality gear in the industry. From the beginning, we've stood behind everything we sell.

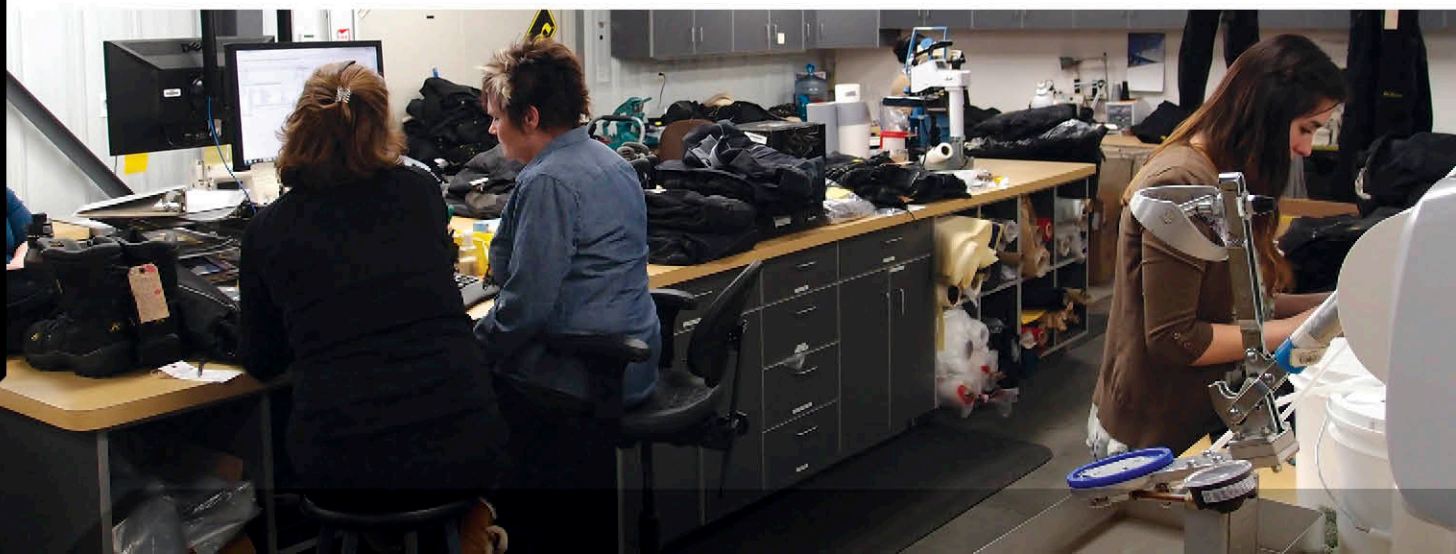

Every KLIM product is warrantied to be free of manufacturer defects for the lifetime of the product. Additionally, all KLIM GORE-TEX® products are **GUARANTEED TO KEEP YOU DRY®** for the lifetime of the product. We'll spare you the fine print here, but if KLIM products fail due to manufacturing or material defect we will repair the product without charge, or replace it at our discretion (full warranty details and processes available online at [www.KLIM.com](http://www.KLIM.com)).

Since we're a company built by enthusiasts who love to get out and ride as much as you do, we understand that repairs are sometimes necessary even when not

covered under a warranty. KLIM's Headquarters (based in the outdoor recreation heartland of Idaho) is home to a highly technical Warranty and Repair Facility that can evaluate your gear quickly and repair it back to factory warranty standards so you can be back riding as quickly as possible. From simple stitching to full-on GORE-TEX® restoration, KLIM's in-house professionals can handle it all.

KLIM believes in service after the sale. And our Customer Service, Warranty and Repair divisions are a big part of that. We do it not only to keep customers happy, but so we can learn about how more people use and abuse our products throughout the year.

If you have questions about warranty or repair services offered by KLIM, questions about any of the riding gear in this catalog, or any questions at all, really, please call our Customer Service team at 208-552-7433 today. On the line you'll experience a professional team of real, actual humans working in our building here in Rigby, Idaho.

# KLIM PARTNERSHIPS

KLIM® RELIES HEAVILY ON CUSTOMER AND PROVEN PARTNER FEEDBACK TO CONSTANTLY IMPROVE OUR LINEUP OF PREMIUM SNOWMOBILE APPAREL.

Throughout the years, we've been lucky enough to work with some of the most capable professionals in the industry. We'd like to thank the following organizations and individuals for being a valued part of our success.

#### WARRANTY

We warrant \*every product we make to be free of manufacturer defects for the \*\*lifetime of the product. Additionally, all KLIM GORE-TEX® products are GUARANTEED TO KEEP YOU DRY® for the \*\*lifetime of the product. If these products fail due to a manufacturing or material defect, we will repair the product without charge, or replace it at our discretion. This warranty is not transferable. Product must be registered with KLIM (at [www.KLIM.com](http://www.KLIM.com)) to receive warranty coverage.

\* KLIM BOOTS are warranted against defects in materials and workmanship for one (1) year from the date of purchase. Aggressive running boards will accelerate the wear and tear on the soles of the boots. This is considered normal wear and tear. General warranty terms apply.

\* The KLIM F4 HELMET is warranted against defects in materials and workmanship for five (5) years from the date of purchase. General warranty terms apply.

\* KLIM GOGGLES are warranted against defects in materials and workmanship for one (1) year from the date of purchase. Scratches are not covered under this warranty. General warranty terms apply.

\*\* The lifetime of a product unfortunately does not mean your lifetime. The intensity under which the product is used determines this factor. Rips, tears, cuts, punctures, burns, accidents, improper care, negligence, normal wear-and-tear, modifications, alterations or use for a purpose other than which the product designed will void the lifetime warranty of even if the warranty issue is not related to these damages.

Should you have a warranty issue, call 1-208-552-7433 for a case number. We will repair if possible or replace all valid warranty items. Please have all warranty item claims clean for evaluation or they will be sent back to you as-is without an inspection being made, or a \$25 cleaning fee may be assessed.

#### CARE INSTRUCTIONS

##### GORE-TEX® OUTERWEAR

###### WASH

Machine-wash warm (104° F/40° C). Powder or liquid detergent. No fabric softener. Follow manufacturer's instructions.

###### DRY CLEAN

If professionally dry-cleaned, request clear distilled solvent rinse and spray repellent. Follow manufacturer's instructions.

###### IRON

Steam-iron warm, placing a towel or cloth between the garment and the iron. No need to iron the garment until it is completely dry.

###### BLEACH

No chlorine bleach. It may damage your garment.

###### DRY

Tumble-dry warm. The heat from the dryer will help to reactivate the durable water repellent (DWR) treatment on your garment's outer fabric.

###### WATER REPELLENT TREATMENT

Gore recommends applying a topical water repellency restorative (DWR treatment) for outdoor fabrics, available at your local outdoor retailer. We do not recommend wash-in treatments as they can affect the garment's breathability.

###### STAIN REMOVAL

Use a pre-wash treatment such as Shout® or Spray 'n Wash®, following its manufacturer's instructions. Rinse well.

##### GORE-TEX® GLOVES

###### WASH

Follow the manufacturer's instructions. Machine or hand wash in warm water. Gently squeeze glove from fingertips to wrist to remove excess water. Do not twist.

##### DRY CLEAN

Not applicable.

##### IRON

Do not iron.

##### BLEACH

No chlorine bleach. It may damage your glove.

##### DRY

Drip-dry with the fingers facing upwards.

##### WATER REPELLENT TREATMENT

Gore recommends applying a topical water repellency restorative (DWR treatment) for outdoor fabrics, available at your local outdoor retailer. We do not recommend wash-in treatments as they can affect breathability.

##### STAIN REMOVAL

Use a pre-wash treatment such as Shout® or Spray 'n Wash®, following its manufacturer's instructions. Rinse well.

##### GORE-TEX® FOOTWEAR

###### WASH

Clean the exterior with a cloth or brush and lukewarm water. The manufacturer may recommend leather treatment or preservation. Shake out sand, gravel, and dirt from inside the footwear. Remove and shake out the foot bed if applicable.

###### DRY CLEAN

Not applicable.

###### IRON

Not applicable.

###### BLEACH

No chlorine bleach. It may damage your footwear.

###### DRY

Dry naturally at moderate temperatures. Avoid direct heat. Convection-style boot driers work well.

###### WATER REPELLENT TREATMENT

We do not recommend the use of waterproofing waxes or greases as they can affect the footwear's breathability. Apply only treatments, polishes, conditioners, and dressings recommended by the manufacturer.

###### STAIN REMOVAL

Follow the footwear manufacturer's instructions.

THIS IS A GENERAL SIZING CHART. FOR ALL PRODUCTS AVAILABLE AT KLIM, PLEASE REFER TO THE GARMENT PAGE OF YOUR PRODUCT FOR AVAILABLE SIZES & COLORS.

#### BOOT - MEASUREMENTS 5 - 14 based on mens sizing

MEN'S	5	6	7	8	9	10	11	12	13	14
WOMEN'S	7	8	9	10	11	12	13	14	15	16

Note: For all measuring use a flexible measuring tape.

**How to Measure:**  
To select glove size; measure around your dominate palm at the widest point.

5" - 7"	XS
7" - 8"	S
8" - 9"	M
9" - 10"	L
10" - 11"	XL
11" - 12"	2XL
12" - 13"	3XL

**Head:**  
Measure circumference of head just above top of ears, and 1" above eyebrows.

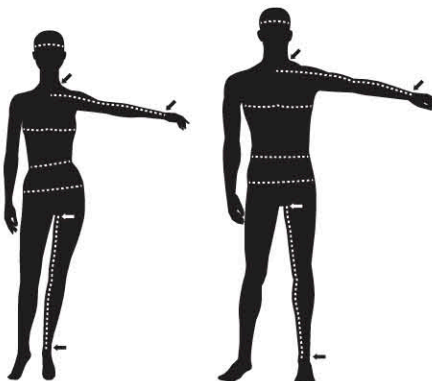

**Chest:**  
Measure under arms around the fullest part of the chest. Be sure to keep tape level across back and comfortably loose.

**Waist:**  
Measure around natural waist with a loose tape.

**Inseam:**  
Without shoes; measure on inside of leg, from crotch to the floor.

**Hip / Seat:**  
Place the measuring tape around the body at the fullest part of the lower hip, feet together.

**Sleeve:**  
With your arm fully extended, measure from the center back of neck at spine to the wrist bone.
