

2020 
SNOWMOBILES

MAKE YOUR MOMENT.

WE LIVE AT THE HEART OF THE RIDE.

Because we believe every moment on the snow should be a reason to ride again. To experience more of what unites us as snowmobilers and to forge deeper bonds in the wild, snowy places we live to ride in. Together, we are **BORN FOR MORE.**

LIBERTY®
850 PATRIOT™

ENGINE CHOICES FOR EVERY RIDER.

Different riders and different styles, that's why we offer a complete line-up of engines. From taking the tightest tree lines in the deep powder with the ultimate responsiveness of our 850 Patriot™ to cruising the trails with the proven fan-cooled 550, we're proud to deliver the fun factor that keeps you pushing more miles with more reliability and more confidence. Our engines are built to integrate seamlessly with the lightweight and agile Polaris® chassis. Polaris snowmobiles feature class-leading power-to-weight ratios and set a new benchmark for ultimate performance.

LIBERTY® 850 PATRIOT™

The 850 Patriot™ engine was designed from the ground up for Class-leading durability, unrivaled acceleration and industry best power-to-weight. The 850 Patriot™ is the most powerful snowmobile engine ever built by Polaris®.

LIBERTY® 800 H.O. CLEANFIRE®

The "Proven Polaris Benchmark", is part of the Polaris family of Liberty engines built in the USA. This engine was developed in conjunction with the AXYS® platform to deliver ultimate responsiveness, performance and quality with class-leading power-to-weight.

LIBERTY® 600 CLEANFIRE®

The 600 Cleanfire® engine is part of the Polaris family of Liberty engines built in the USA. This engine is a 600cc, liquid-cooled, SDI engine that provides proven reliable performance, instant acceleration, easy starting and great response.

550

Proven, durable, fan-cooled snowmobile engine provides reliable performance at a great value.

THE BEST SPORT ON SNOW AND THE BEST TEAM IN THE SPORT.

Polaris® Snowmobiles are about more. More time spent exploring. More riding firsts. More thrilling moments. More connection and more appreciation for the escape you can only experience on the snow. We design the best sleds, built by the best team, ridden by the best riders and delivered through the best experiences—so that more precision, control, and confidence lives in every single ride.

CELEBRATING FORTY YEARS OF LEGENDARY INDY® SLEDS.

Our passion for snowmobiling drives us to develop and deliver the ultimate ride and handling. 40 years ago, the innovative strength and manufacturing excellence of Polaris led to the breakthrough Independent Front Suspension (IFS) that became the foundation of the most legendary model name in snowmobile history: INDY. With INDY, riders have tackled twisty trails, explored new heights and celebrated more race wins than with any other sled. The INDY models have helped make countless winter memories and further fueled our love of the ride. We celebrate its 40th Anniversary and look forward to the exciting and ever-evolving INDY models in snowmobiling's future.

**INDY**[®]

LEGENDARY PERFORMANCE. SIMPLY FUN.

LEGENDARY PERFORMANCE

For 40 years, the INDY[®] name has stood for performance. For 2020, the INDY is reborn with the NEW INDY XC[®] 137 and INDY Adventure 137 family built on the AXYS[®] platform and featuring the proven PRO-CC[™] rear suspension. And back for 2020 is the INDY EVO[™], a sled built for pure performance fun for new riders.

SIMPLY FUN

A day of riding is measured by miles and smiles. With comfortable seats, confidence-inspiring skis and integrated storage options – you'll be posting both all ride long.

PROVEN VALUE

The INDY[®] line-up is purpose-built for all riders. From new riders on the INDY EVO[™], to the 550, and now the premium INDY ADVENTURE 137 and INDY XC 137. Every INDY[®] is designed and built to deliver confidence that makes your day on the snow the best it can be.

THE BEST STORIES COME FROM THE BEST ADVENTURES.

For 40 years, INDY® has brought family and friends together to ride. The 2020 lineup adds even more performance and fun to the legendary story. The next generation of INDY® has arrived to give more riders the chance to experience a perfect day on the throttle and in control.

GO WHERE THE BONDS ARE AS DEEP AS THE POWDER.

Experience the RMK® and discover why it's the world's greatest mountain sled. Go to places you've imagined but few have been. Get there the only way you can – on the lightest mountain sled in the industry. Explore, challenge yourself and lead the way only with RMK®.

**RMK[®]**

LIGHTEST. STRONGEST. MOST FLICKABLE.

INSTANTANEOUS LIFT

The combination of the raised and lightweight AXYS[®] chassis, a powerful Polaris[®] engine like the 850 Patriot™, and exclusive track designs pop the RMK[®] on top of the snow.

RIDER BALANCED[®] CONTROL

The AXYS[®] RMK[®] features Rider Balanced[®] positioning that delivers ultimate control for the rider. The PRO-RMK[®] React™ Front Suspension provides the most precise, effortless sidehilling and ride.

IMMEDIATE RESPONSE

The world's best mountain sled is built to be the lightest and most rigid, making it incredibly responsive to rider inputs. This allows you to change direction and maneuver confidently in all conditions.

RMK[®]

LIGHTEST. STRONGEST. MOST FLICKABLE.

LOVE TO SIDEHILL, HIT JUMPS AND LIVE AT 12 O’CLOCK.”

– DAN ADAMS, NXT LVL CLINICS

2020 850 RMK KHAOS 155 3"

WHAT MAKES A KHAOS®

THE EASIEST SLED TO CARVE WITH. EVER.

RMK® KHAOS® REAR SUSPENSION

The new rear suspension geometry provides balance for all-mountain fun. Designed with the perfect amount of transfer and traction for light handling and control and the best response in all riding zones.

WALKER EVANS® VELOCITY SHOCKS

Featuring a mid-body mounted, position sensitive reservoir that allows a softer valve stack for a more compliant ride in the small bumps, but once the piston clears the position sensitive bypass it gets 30% stiffer for added bottoming resistance.

REACT™ FRONT SUSPENSION

Provides riders with the most effortless ride in the deep snow for less fatigue. The front suspension features a 916-965 mm stance, a sway bar designed for the best handling, and forged a-arms and spindles optimized for strength and durability.

RMK[®]

LIGHTEST. STRONGEST. MOST FLICKABLE.

TRAIL AND DEEP SNOW IN A PERFECT COMBINATION.

Experience the go-anywhere versatility of Switchback® on the trail or off the map with the sled born to give you the best of both worlds. Some days you follow the trails for miles, others you ride the backcountry for hours. All with the Polaris® Switchback®.

SWITCHBACK®

SMOOTHEST RIDING. MOST VERSATILE.

RIDER BALANCED® CONTROL

By placing the rider in the right location on the sled, we've built a sled that corners flat without sacrificing the fun factor of lifting the front end through the bumps or powder. More precise handling both on trail and off-trail.

UNRIVALED ACCELERATION

When developing the AXYS® platform, Polaris® engineers minimized weight throughout the sled without compromising strength. Combined with powerful engines like the 850 Patriot™ and class-leading power-to-weight ratios, the Switchback® is arguably the quickest in its class.

RIDER-CENTRIC COMFORT

With ergonomic controls, integrated storage, enhanced wind protection and industry-first LED headlights, comfort is woven directly into the AXYS® platform's design.

SWITCHBACK®

SMOOTHEST RIDING. MOST VERSATILE.

2020 **850 SWITCHBACK ASSAULT 144**

2020 **600 SWITCHBACK ASSAULT 144**

WHAT MAKES AN ASSAULT

IGX 144 REAR SUSPENSION

The IGX 144 rear suspension provides RMK[®]-inspired off-trail agility and balance with outstanding on-trail ride performance. Pitch is controlled through geometry.

POWDERTRAC[®] RUNNING BOARDS

The design is optimized for maximum snow clean out while maintaining extreme strength. These running boards are designed to serve the needs of riders on- & off-trail where the front is wide and flat for comfort and stability, while the rear has tapered, dual-angle design for mobility and snow clearance.

INDUSTRY-LEADING TECHNOLOGY

Polaris[®] offers industry-leading display packages including the Polaris[®] Interactive Digital Display which is a 109 mm high resolution, full color, LCD digital display that connects with select features of Polaris[®] Ride Command, including GPS and Trail Maps.

NATURE DOESN'T HAVE THE UPPER HAND ANYMORE.

Experience TITAN®, the industry's most capable extreme crossover snowmobile. Have unrivaled confidence in the backcountry, working hard, or riding a familiar trail. Forge ahead, at work or play, with the first extreme crossover sled that puts an end to compromise.

TITAN[®]

WORLD'S MOST CAPABLE CROSSOVER.

RIDER BALANCED[®] CONTROL

The AXYS[®] Chassis positions the rider for Rider Balanced[®] Control in all riding situations and delivers unmatched handling in even the world's most extreme terrain and conditions.

DEEP SNOW AGILITY

The TITAN[®] delivers unmatched flotation and agility with the AXYS[®] chassis. Featuring an articulated rear suspension design that requires no adjustments to go from 2-up to towing large loads and a design that allows you to easily backup over obstacles.

UNMATCHED CAPABILITIES

The TITAN[®] is equipped with rider-centric innovations to dominate in the most extreme conditions. TITAN[®] offers unmatched cargo carrying and towing capabilities, along with innovative storage solutions. The Power Boosting Regulator delivers maximum electrical power at idle and low RPMs for comfort and convenience.

TITAN®

2020 TITAN SP 155

WHAT MAKES A TITAN®

ALPHA TRANSMISSION

Provides smooth shifting and drive ranges to suit even the most extreme conditions or situations. 544 kg towing capabilities with High, Low, Reverse, and Neutral.

LOCK & RIDE® PLATFORM

Integrated design allows for maximum storage, with or without passenger seat. Industry-leading carrying capacity of 38.5 kg and integrated Lock & Ride® mounting system holds cargo box and other storage accessories.

POWER BOOSTING REGULATOR

This industry-first Power Boosting Regulator delivers maximum electrical power at idle and low RPMs. Ensures electrical power for rider comfort and convenience features, such as accessory heated seats, hand-warmers, battery charging and other accessories.

VOYAGEUR[®]

LIMITLESS POSSIBILITIES.

ULTIMATE FLOTATION

The Voyageur[®] family is built to deliver performance wherever your snowmobiling day takes you. From accessing the powerline to checking the trap line, aggressive tracks and tough, wide PRO-Float skis keep you on top of the snow.

UNMATCHED HAULING

With its hitch, rear rack, and Polaris[®] rear suspension technology, the capable Voyageur[®] maintains control and precision whether under load on-trail or in the deep snow.

PROVEN HANDLING

With the perfect blend of RMK[®] DNA and Polaris[®] suspension technology, the Voyageur[®] delivers the best off-trail performance with confident trail handling at any speed.
