2018

ACCESSORIES + APPAREL

BORN TO OWN
ANY TASK.
ANY TRAIL.

 **POLARIS**
GENERAL

**NO-COMPROMISE
PERFORMER**

The Polaris GENERAL is a no-compromise breed of side-by-side from the world leader in off-road innovation. You know RANGER® as the world's best-selling utility machines. You know RZR® as the undisputed leader in high performance. We combined the best of both in a single, comfortable machine to make the ultimate rec/utility side-by-side.

PERFORMANCE STEMS FROM **INTEGRATION** AT THE START

Ensuring Polaris Engineered Accessories™ fit and work in sync with your machine is the most critical phase of testing and validation. With seamless integration, you can trust that any Polaris® accessory you install will enhance your interaction beyond your expectations.

EARLY DOOR RENDERING

DESIGNED

Only Polaris Engineered Accessories™ are conceived, designed, and fabricated in lockstep with the Polaris GENERAL development process. As the vehicle progresses from concept to production, so do the accessories – this ensures a perfect fit and optimal performance.

TESTED

The Polaris® testing process is rigorous and unforgiving. We put every vehicle and accessories through extreme-use conditions both in the lab and in the field – in all environments, in locations spanning the continent. If it doesn't pass our standards, it's not ready for your Polaris® vehicle. Only the best accessories make it to production.

TRUSTED

Developing the best, most premium accessories in the industry is our passion. Only Polaris® can combine decades of industry-leading experience, innovation, and off-road expertise. You can have confidence in your Polaris Engineered Accessories™, because we know the lifestyle and live it every day.

POLARIS® PARTNERS WITH THE BEST

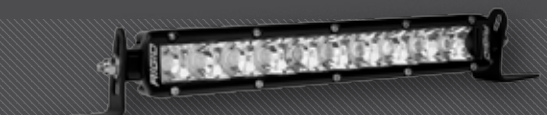

We choose our partners carefully, selecting only the best in off-road. Every accessory is rigorously tested and validated at Polaris® standards, to ensure seamless integration and performance.

ENGINEERED TO TAKE ON ***THE ELEMENTS***

Polaris Engineered™ cab systems keep the outside out. Period. Our cab has 11x better dust sealing than the competition. The exclusive profile tube design of the Polaris GENERAL allows the cab to fit together perfectly, and full 360° gasket seals integrate seamlessly into the frame. Add to this our exclusive Lock & Ride® capability, and you have a cab that outperforms the competition and keeps you comfortable, regardless of the conditions.

TESTED & PROVEN

DUST

WIND

**POLARIS GENERAL CABS PROVIDE
THE INDUSTRY'S TIGHTEST SEAL**

**BUILD YOUR CAB SYSTEM
STARTING ON P. 08**

PROFILE TUBE DESIGN

Contours built into the cage deliver the best sealing surface in the industry.

PERFECT FIT, PERFECT SEAL

A 360° gasket seal provides the tightest-sealing cab in the industry.

LOCK & RIDE

EASY ON & EASY OFF

Adapt your Polaris GENERAL to your needs and environment with exclusive tool-less, easy-on, easy-off Lock & Ride® components.

A LUXURY OFF-ROAD EXPERIENCE

Our cab components create an experience-enhancing interior, offering supreme comfort to your vehicle.

SHIELD THE FRONT

ATTACK THE SWIRL

POLARIS GENERAL 4 '17-18

LOCK & RIDE HALF WINDSHIELD - POLY
» 2881111
POLARIS GENERAL '16-18,
POLARIS GENERAL 4 '17-18

Add a windshield to your Polaris GENERAL and experience the airflow changing around the vehicle. For example, turbulent air will form above the cargo bed and behind the cab. This swirl can carry dirt, dust, leaves, and rain into the cab. Eliminate this phenomenon and attack the swirl by mounting a rear panel.

LOCK & RIDE REAR PANEL - GLASS **TOP SELLER**

TIP-OUT WINDSHIELD - GLASS

The three-position adjustment system easily opens, providing in-cab ventilation to your preference.

FLIP-DOWN WINDSHIELD - HARD COAT POLY

Offers fully-sealed or flipped-down venting options. Upper half detaches to maintain protection with maximum ventilation.

WINDSHIELD WIPER & WASHER SYSTEM

Add for convenience to wiper ready windshields (2881090).

ADD A REAR PANEL TO REDUCE THE DUST SWIRL

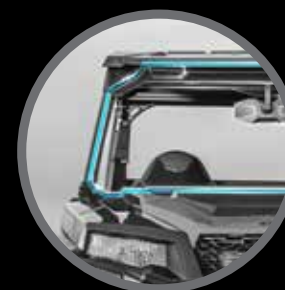

Superior **OPTICAL CLARITY** for a clear view. Laminated safety glass **PROTECTS FROM SCRATCHES** and provides automotive-level visibility.

Curved to fit, seals tight, and is ready for windshield wipers

Lightweight and flexible, POLY is **IMPACT-RESISTANT**, providing long-term value and protection. Guarantees a tight seal to keep out rain and dust.

Available with a hard-coating layer on both sides of the poly, which provides **30X MORE** scratch resistance than regular poly windshields.

AIRTIGHT GASKET SEAL

Our windshields and rear panels feature 360° airtight gasket seals to keep drafts and moisture out of your cab.

LOCK & RIDE REVOLUTIONARY INSTALLATION

Windshields and rear panels install easily and lock securely in place using Polaris® Lock & Ride® technology. Once installed, it removes easily and can be reinstalled without the need for any tools.

COVERAGE FOR YOUR CAB

A roof represents your best defense against the heat of the scorching sun or a relentless and driving rain, and it is one of the most essential items to mount on your vehicle. Choose from poly or aluminum construction in both 2- and 4-seat configurations.

INTRODUCING

RIGID®

ADVANCED TECH

Rigid® lights are driven by Aluminum PCB Smart Boards™ with copper thermal conductive pads, gold-plated electrical contacts, 6063-T5 aircraft aluminum extruded housings treated with Alodine® corrosion preventive, and Tiger Drylac® UV protection polyester powder coating.

EXCLUSIVE OPTICS

RIGID® hand-selects the brightest high-tech LEDs from the best manufacturers. The LEDs shine through patented optics that maximize total light output and efficiency. RIGID® lights feature impact-resistant polycarbonate lenses for a 100% water/dustproof seal.

RIGID® LIMITED LIFETIME WARRANTY BREAK YOUR LIGHT AND RIGID® WILL REPLACE OR REPAIR IT FOR LIFE

ADAPT LED LIGHT BARS NEW

Adjust the lighting pattern for your needs via the in-dash controller. As your speed changes, you can dial in the light from spot to flood.

MATCH YOUR STYLE
Choose from any color in the spectrum to reflect your style or current mood.

CONTROL FROM THE DASH
A backlit, molded dash controller allows you to control the beam pattern and color.

SR-SERIES LED LIGHT BARS NEW

These single-row LED light bars provide a sleek, powerful, low-profile lighting solution that measures less than 5 cm tall. The SR-Series is designed to project light at extreme distances while consuming very little power. Rugged, durable, and ready for anything.

D-SERIES NEW

These lights produce extremely high output while consuming very little power. The compact size and shape allow the D-Series LED light to fit almost anywhere and be used for virtually any lighting application.

PRO ARMOR®

LIGHTING

RUGGED STYLING DURABLE CONSTRUCTION

Pro Armor® lights are designed to be big and beefy with an aggressive style all their own. Housed in IP67 marine-grade rated UV Polyester powder-coated with precision-cast end panels and oversized, extruded aluminum heat sinks to keep the temperature down.

MASSIVELY BRIGHT

Counting up to 66 3-5 watt CREE® LEDs pushing over 11,000 lumens, Pro Armor® lights are some of the brightest in the industry. All that power is directed through heat-dissipating aluminum printed circuit boards for streamlined heat management.

DUAL-ROW LED LIGHT BARS

For the most spread and the farthest illumination downrange, Pro Armor® Dual-Row Light Bars are easy to mount and perform beyond expectations. Choose from several lengths and configurations.

SINGLE-ROW LED LIGHT BARS

Powerful and compact, these low-profile light bars look sleek and let you light up the night. Choose from several lengths and configurations to extend your ride.

CUBE LED LIGHTS

Small and powerful, these cube lights can be mounted in strategic locations for added lighting.

TRAILBLAZER HEADLIGHT COLORED BEZEL

POLARIS GENERAL® '16-18, POLARIS GENERAL 4® '17-18

COLOR	2-PACK*
RED (SHOWN)	2882479-293

BLUE	2882479-689

TRAILBLAZER LED HEADLIGHTS

- Adjustable beam pattern (outer two lights) allows for customized light patterns, from spot to flood, based on riding style and preference
- Integrated LED daytime running light
- 6,000 Lumen total output; 20-watt CREE® XHP LED Chips
- Durable construction is waterproof, dustproof, and fade resistant

» BLACK BEZEL • 2882073
POLARIS GENERAL® '16-18, POLARIS GENERAL 4® '17-18

WIRING HARNESSES REQUIRED FOR RIGID® & PRO ARMOR® LIGHT INSTALLATION

- Add a Battery Connection Cable (2879388 Polaris GENERAL or 2879685 Polaris GENERAL 4) for Polaris GENERAL models that do not come stock with a winch
- For each light with a switch, add 2879859 (LED Light Bar Harness)
- To power two LED Lights from one switch, add 2879860 (Y-harness adapter) to 2879859

INTEGRATED WIRING CHANNELS

With channels and mounting locations designed into the cab frame, installation is a snap, and your wiring stays clean and protected.

* If RIGID® determines, in its sole discretion, that your product is defective in material or workmanship, RIGID® will honor your warranty claim. In some cases the product will be replaced, depending on the specific timeframe of the purchase. If the product is repaired, all parts, labor, and return shipping may be covered by RIGID®.

TAKE ON THE TERRAIN

Arm your Polaris GENERAL with these essential accessories and take on all challenges with Polaris Engineered™ bumpers and guards. Engineered for easy, secure installation; providing added protection for lights, bodywork and suspension.

Polaris® and Pro Armor® developed a deep partnership thanks to having similar histories and passion for producing products that enhance vehicle performance. Each wheel and tire Pro Armor® designs and engineers for Polaris® off-road vehicles perform perfectly in the intended environment for its intended use. Developed, tested, and produced in partnership so you can tackle the terrain ahead.

10-PLY

Pro Armor® builds the toughest tires to keep you running when the terrain turns tough. A higher ply rating means added protection. Choose your tire and ply rating based on use and overall performance needs.

DUAL COMPOUNDS

You don't ride or drive in the same terrain, so Pro Armor® builds certain tires with multiple wear zones. A dual-durometer design allows the tire to wear better with softer outer lugs and harder inner lugs.

4,828 KM RATED

Pile on the miles with Pro Armor® tires. Every tire is designed and constructed with longevity in mind. With ratings of 4,828 kilometers and beyond, you are assured long life and performance.

KNOW YOUR TIRES

DIMENSIONS	TREAD DEPTH	WEIGHT	PLY RATING	SIDEWALL BELTS	LOAD RATING	PADDLE DEPTH
28" x 9" R14	A deeper tread means more grip and cleaner performance	A lighter tire makes for improved vehicle performance	Indicates the overall load capability of the tire	Sidewall belts increase your resistance to sidewall punctures	Tires with higher load ratings can handle more weight	Increases grip and performance in the sand
TIRE HEIGHT TIRE WIDTH WHEEL DIAMETER						

TIRE: **DUAL-THREAT**

WHEEL: **BUCKLE ACCENT**

PRO ARMOR® DUAL-THREAT **NEW**

- Dual-compound technology and radial construction offer performance in all terrains.
- Softer durometer rubber on outer edge for overall superior grip and feel.
- Harder durometer rubber in the middle for increased traction during acceleration and longer tread life.

		TREAD DEPTH	TIRE WEIGHT	PLY RATING	SIDEWALL BELTS	LOAD RATING

TREAD PATTERN

ATTACK 2.0 VS. ATTACK

- **Tighter Tread Pattern** = Better traction in hard pack
- **Dual-Durometer Lug** = Increased grip & traction in rough terrain, smoother ride in all terrain
- **10-Ply Rated** = increased durability
- **Larger size offering in 28"** = more ground clearance & trail traction

PRO ARMOR® ATTACK

- The best all-purpose tire for all-season traction in any terrain
- Unique, full-face tread design
- Harder durometer lugs promote extended wear, increasing tire life
- Wider spaced lugs provide more grip in softer terrain

14" 26" x 9" R14 • FRONT • 5415613

TREAD PATTERN

ROCK

PRO ARMOR® CRAWLER XR

- Wanna race? This tire grips it all from the trail to the rocks
- Square block profile for even surface contact
- A tougher durometer than the XG to take on the toughest the trail has to offer

14" 28" x 10" R14 • FRONT/REAR • 5415536

		TREAD DEPTH	WEIGHT	PLY RATING	SIDEWALL BELTS	LOAD RATING

WHEEL SIZE
14"

SINGLE-DUROMETER

Smaller lug height and single-durometer give this high-speed tire added construction and lateral stability when cornering. Its unique lug design excels in hard-packed, fast terrain.

PRO ARMOR® CRAWLER XG

- Big or small, these tires crawl them all
- A soft, sticky compound makes this tire ideal for both rock crawling and desert running
- 8-ply, triple-belted ballistic sidewalls resist punctures

15" 28" x 10" R15 • FRONT/REAR • 5416346

WHEEL SIZE
15"

DUAL-DUROMETER

With its taller lug height and dual-durometer construction, this tire has the perfect balance between high-speed performance and durability and flex in order to grip slick rock.

DUNES

PRO ARMOR® DUNES

- Lightweight 12-paddle rear tires tout a flexible sidewall for flotation and acceleration
- Three-tiered front tire design delivers hard turning bite and straight-line tracking

PUSH FOR MORE

With GLACIER PRO HD Plow Systems, you can attach blades easily and quickly without tools or the need to take your gloves off, thanks to Lock & Ride® technology. Now, you can clear the driveway and get back to what you were doing.

GLACIER PRO HD PLOW SYSTEM

FOR HEAVY-DUTY SNOW REMOVAL

- Heavy-duty cast steel frame for maximum durability
- Lock & Ride®: Install or remove the plow blade quickly and easily
- Manual angle with shear pin design protects plow in high-impact contact
- Manual angle adjustment is easily accessible, prevents digging into snow to change angle
- Auto-retracting kickstand folds in as you drive away

SPECIFIC NEEDS, SPECIFIC OILS

Polaris® invests millions in engine development, and part of that investment is making sure its lubricants—critical to engine performance—are the right formula for your specific engine. The amount of testing data and engineering resources used in developing Polaris® lubricants would overwhelm an aftermarket company. Therefore, the aftermarket must spec an oil to an industry-wide standard that must account for a variety of operating parameters.

PS-4 is designed specifically for Polaris® 4-cycle engines and has high film strength and wear protection under extreme loads and temperatures. Exclusive anti-wear additives protect engine parts with extra rust and corrosion protection.

PS-4 FULL-SYNTHETIC OIL

- RZR® TURBO

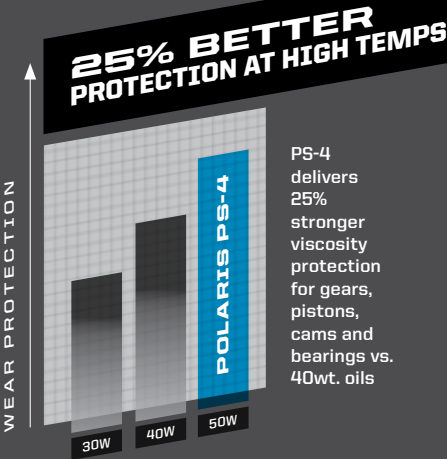

POLARIS® PS-4 VS THE COMPETITION

Polaris® PS-4 oils exceed the latest industry protection standard as set by the API, while the competition uses standards from years ago. Our proprietary additives clean and protect critical engine parts under high operating temperatures.

When tested against competitive oils, camshaft bearing races and lobes exhibit less wear when protected by Polaris® PS-4 oil.

WHY VISCOSITY MATTERS: Polaris® engines are designed to operate using oils rated at a specific viscosity. Viscosity is the measure of an oil's resistance to flow, and shear, and is a way to gauge an oil's "film strength", which is a critical component in preserving engine life when an oil is subject to high heat or heavy loads.

ENGINEERED TO MAXIMIZE THE LIFE OF YOUR RIDE

All Polaris® fluids—from anti-freeze to brake fluid—are developed for your vehicle. Trust the only fluids perfectly engineered for your needs.

AGL

A proprietary blend of additives designed to optimize Polaris® ORV transmission life. Extreme pressure additives protect gears, drive chain, and bearings from scoring and wear. Unlike typical gear case oils, AGL's unique viscosity range allows instant flow and film protection in extreme cold or high heat environments

FOR THE LIFE OF YOUR RIDE

THE KEY TO KEEPING YOUR POLARIS® OFF-ROAD VEHICLE PERFORMING as well as the day you brought it home is proper maintenance. Items like belts, filters, and batteries represent only a few of these critical items engineered specifically by Polaris®.

CHECK OUT OUR **PARTS FINDER ON POLARIS.COM** FOR EASY PARTS LOOK-UP, PARTS IDENTIFICATION, VIEWS OF ASSEMBLIES, AND MORE!

POLARIS ENGINEERED™ DRIVE BELTS

Polaris Engineered™ belts deliver unmatched performance for your off-road vehicle. Our belts are developed and tested on all our engines for all environments and conditions. This ensures it doesn't merely fit your vehicle—it outperforms your expectations.

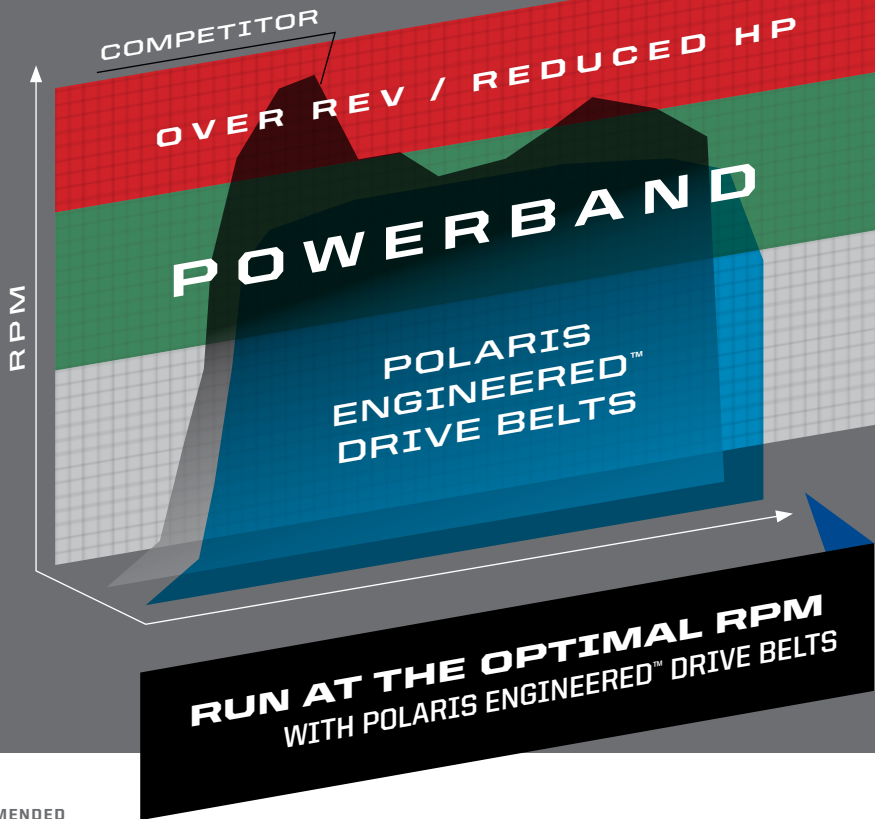

TESTED, PERFECTED

We test each belt on the intended vehicle – we don't try to make an existing belt "just work." The tolerances are tighter than aftermarket alternatives, meaning less heat for your engine, and you won't have to recalibrate your clutch in order to run at the engine's optimal RPM. Aftermarket belts fluctuate in and out of the optimal power band, which means more wear on your clutch and more maintenance needed to maintain power.

OUR INVESTMENT

We average **32,187 km** of field testing and **thousands of dyno hours** on each engine to ensure the Polaris® drive belt on your machine gives you peak performance with each and every ride.

MAINTENANCE SCHEDULE

CHECK YOUR OWNER'S MANUAL FOR ADDITIONAL RECOMMENDED SERVICE ITEMS AND VEHICLE-SPECIFIC TIMING

POLARIS POWER®

POWERFUL, PORTABLE, DURABLE. These digital inverter generators are built to match your outdoor lifestyle, and are tested to the same rigorous standards as every Polaris® product. The 1000-watt generator is best for running a single device with low wattage requirements. The 2000-watt generator runs multiple devices with added surge protection and start-up wattage. The 3000-watt generator handles high-output needs and runs multiple devices. It also includes electric start for ease of use when needed.

WHICH GENERATOR FITS YOUR NEEDS?

- 1 **START** by adding up the running watts of everything you might power at the same time. (use the chart on the left)
- 2 **NEXT**, pick the device with the highest running watts, and add its starting watts to the previous total.
- 3 **NOW** you have the total amount of watts you need from your generator. Select a generator with a slightly higher wattage.

	Startup Wattage	Running Wattage

POLARIS® FLEX JUMPSTARTER

12,000 mAh capacity. Two 5V/2.1A USB outputs, 200-lumen flashlight and a digital battery life monitor. Includes, storage case, smart jumper cables, car charger, wall charger and user guide. 1-year limited warranty.

» 2830495

Never let a dead vehicle battery slow you down again. The Polaris® Flex Jumpstarter is a compact solution that provides the power to get your ride started. Flex is small enough to be stored in your glovebox and holds its charge so you can count on it when it's needed. In addition to being able to jumpstart ATVs, ORVs, snowmobiles, motorcycles, cars, & trucks, Flex can also charge any USB capable device through its dual USB outlets. Ability to jumpstart up to a 6.4L engine.

BatteryMINDER®

Make sure your vehicle's battery is properly maintained and ready for when you need it the most with a BatteryMINDER®. A tired battery is waiting for the perfect time to ruin your day, so make sure it gets charged and cycled properly. Easily one of the most essential pieces of equipment every garage needs.

BATTERYMINDER® 1510 1.5-AMP

- Recovers weak batteries
- Ambient temperature sensor with wide operating range ensures the battery will never be overcharged or undercharged regardless of temperature extremes
- Extends battery life up to four times when compared to new batteries not being properly charged or maintained over their lifetime
- Automatic full-time high frequency (not high voltage) pulse type desulfation
- Reverse polarity, short circuit and over temperature protection

» 2830404

BATTERYMINDER® 2012 AGM 2-AMP

- Designed for High-Performance Specialty AGM Sealed Batteries
- Guaranteed to never overcharge, regardless of how long connected
- Temperature compensation ensures proper charge in hot or cold environments
- Ambient temperature sensor with wide operating range ensures the battery will never be overcharged or undercharged regardless of temperature extremes
- Maximizes battery life and capacity, reconditions weak batteries

» 2830438

BATTERYMINDER® 1.5 AMP CONVERTIBLE

- BatteryMINDER® 1.5 AMP On-board or Benchtop Charger/Maintainer
- Complete with two mounting brackets for multiple vehicles/locations, fully-insulated battery clips, ring terminal-assembly for permanent direct-to-battery attachment.
- Charges, maintains, recovers 12-volt batteries
- Maintains up to four batteries at a time
- Attaches to battery while in vehicle or for use on benchtop
- Guaranteed to never under or overcharge
- Recovers and reconditions deeply discharged batteries automatically, using high-frequency pulse type desulfation circuitry
- Can extend battery life up to four times

» 2830511

BATTERYMINDER® EZ CONNECT

- Allows for quick and easy connecting and disconnecting of your BatteryMINDER, includes a set of ring terminals

» 2830411

BATTERYMINDER® 4 METER CABLE

- Made with heavy-duty 16 gauge black zip cord featuring automotive SAE bullet connectors

» 2830410

BATTERYMINDER® SPLITTER

- A simple, safe, and affordable way to connect two batteries simultaneously for easy battery maintenance

• Includes a set of ring terminals

» 2830409

BATTERYMINDER® RING TERMINAL

- Features 61 cm long 18-gauge wire
- Plug has standard .8 cm negative and .95 cm positive terminals
- Replaceable 15-amp in-line fuse for circuit protection
- Uses SAE quick connector and cap

» 2830437

POLARIS POWER® CABLE KIT

- Use a parallel cable kit to easily connect two Polaris Power® generators together to increase the total power available to a load

» 3410281

POLARIS POWER® TIE-DOWN LEADS

- Secure your Polaris Power® Generator by inserting the Lock & Ride® Tie Down Leads into the handle and running a strap across to tie down the generator

- Secures Lock & Ride® accepting gear
- Safely provides a point for 1" wide tie-down strap

» 2880959

POLARIS POWER® COLD WEATHER KIT

- Ensure smooth running of your Polaris® Generator in sub-zero temperatures
- Prevents ice blockage in the crankcase breather tube, which may lead to operational issues including oil leakage
- Installation required, no need to disconnect for warm weather operation
- Exclusively designed for use with Polaris® P1000i & P2000i inverter generators

» 2881433

PREMIUM TIRE SEALANT

- Instantly seals and repairs rim, bead leaks, and punctures up to .64 cm on standard tires, and 1.9 cm on heavy ply tires
- Helps maintain air pressure for the life of the tire
- Helps seal the tire bead against the wheel
- 100% water soluble for easy cleanup.
- Will not rust, corrode, or pit wheels
- Creates permanent repair
- Remains fluid and effective in temperatures down to -43° C
- Easily installed through existing tire valve stem with valve core removed

» 1 LITER • 2830484
» 4 LITER • 2830485
» 19 LITER • 2830486

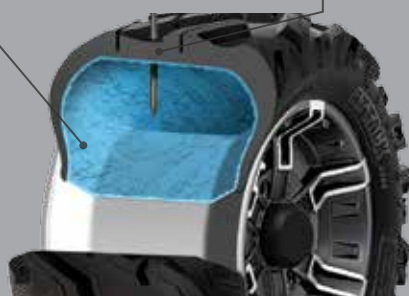

» 19 LITER PUMP • 2830487
» 208 LITER • 2830489
» 1041 LITER • 2830488

HOW IT WORKS

Tire sealant remains liquified inside your tire until some sort of leak develops in the tire or wheel.

Once a leak occurs, the tire sealant rushes out of the tire and quickly creates a permanent solid plug.

The sealant creates a permanent solid plug and maintains the pressure of the tire so you can continue your ride.

POLARIS® X3 CREEPER

- Three positions: flat, 45-degree angle, or seated work stool
- Helps you perform any repair with ease
- Stay dry and warm away from cold, wet cement floors
- Easily stores away when not in use
